Number 50

Farm Bureau Tackles Problem of Bindweed as An Objective For the Coming Year in Randall Co.

Contest Will Bring Cash Prizes To Lucky School Kids

\$1,650 is being offered in cash prizes to the school children who write the best letters on the subject, "The Teacher Who Has Helped Me The Most." This contest is being sponsored by the Quiz Kids radio program, heard over KGNC on Sundays at 3:00 p. m., and is in connection with the Best-Teacher Contest. The "Best Teacher of 1947" will receive a cash prize of \$2,500 to be used for graduate study at any college or university, plus an appearance on the Quiz Kids show and a week's entertainment in Chicago with all expenses paid.

On the theory that pupils are the best judges of teachers, American school children will select the prize winning teacher by writing letters on the above mentioned subject. Any child, from the first grade through the senior year in high school, may recommend one or more of his past or present teachers. The teacher recommended must still be engaged in teaching. The child must include his name, age and grade. The letters will be read and judged by three famous educators on the child's ability to tell honestly and clearly how that particular teacher has helped. The child writing the prize-winning letter (that recommends the prize-winning teacher) will receive \$100 in cash. \$50 will be the second prize and there will be one hundred \$10 prizes. Letters should be addressed to "Best Teacher Contest," Quiz Kids, Chicago, Illinois.

Council of Church Women Announce Program for Year

The Federated Council of Church Women have announced their program for the coming year. Mrs. Marion Higdon is president of the organization and members include representatives from all churches in Canyon.

This month on February 21, the Council will sponsor the World Day of Prayer which will be held at the All Saints Episcopal Church. On April 29 the group will meet at the Christian Church where Miss Eula Potter will speak on "The Bible in Life" and Mrs. Ed Harrell will discuss "Personal Faith and Experience."

July 29, the Baptist Church will be host and Mrs. Hubert Thomson will speak on "The Church and its Outreach," and Mrs. Lorenzo Wirt will have the subject "Christian and Family Life." The Methodist Church will be the meeting place on September 30 when Mrs. Ray Campbell will discuss "Major Social Problems" and Mrs. Tom Knighton will talk on "Community Issues."

In November, when the group meets at the Presbyterian Church, Mrs. O. L. Coleman will discuss the topic "World Relations." The other topic for November is "World Community Day" and the speaker will be announced at a later date. There will be a nursery maintained during these meetings where mothers may leave their children.

Senate Passes Bill to Issue Bonds on Palo Duro Park

Under the terms of a bill passed by the Texas Senate Monday, the Texas State Parks Board may issue participating bonds on the Palo Duro State Park for \$300,000 in order to forestall foreclosure on the park this year. The state would not be liable for the payment of the bonds.

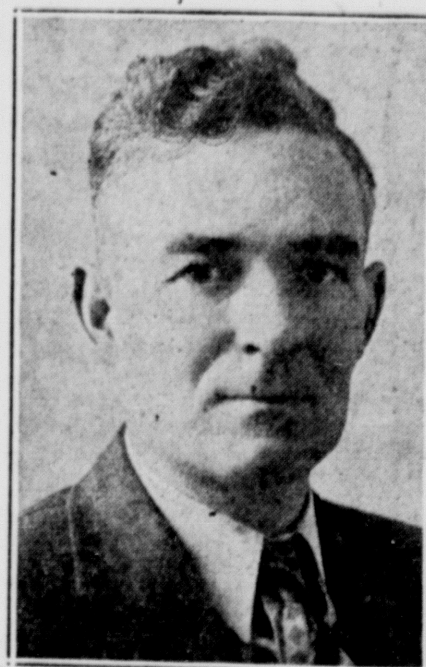

Senator Grady Hazlewood passed the bill in the Senate without opposition. It is expected that Representative Blake Timmons will be able to secure passage on the bill in the House during the coming week.

Red Cross Drive Begins In March

The annual Red Cross Drive will begin in March in Randall county. All citizens are asked to be thinking ahead about their contribution this year to the Red Cross. Millions have been helped by the Red Cross and millions more are awaiting help through this organization. How much help it can give is depending on the generosity of the people.

T. V. Reeves is campaign director for Randall county and further plans will be announced later this month.

MRS. C. L. THOMPSON
Re-elected Secretary

Radio Station For Canyon Is Asked Thursday

Application for a radio station in Canyon has been filed with the Federal Communications Commission in Washington.

The application was filed by Marshall Formby and John Blake. So far as The News has been able to find, no one in Canyon is connected with the enterprise. Formby is owner of the weekly Plainview Tribune. He was formerly a State Senator and has visited here often. He was discharged recently from the army with the rank of Captain. He is now attending the University of Texas. Blake has been connected with a county official publication at Midland for several years. He was in Canyon last fall looking for a residence, but gave no indication as to his future business enterprise.

Application for a third station has been filed for Amarillo, and a second one in Lubbock. It has not been disclosed whether the Amarillo stations will protest the location of a new station in Canyon, only 18 miles away.

Last Rites Held In Rio Grand For Ray Ford Rusk

Funeral services for Ray Ford Rusk, 27 years old, were held last Saturday at Rio Grande. He had been spending the winter at the home of his sister, Mrs. Dorothy Faye Peterson, in Rio Grande. Earlier in the week he was found dead from a self-inflicted gun shot wound. He was the son of the late Mr. and Mrs. Elza Rusk, and was a star player on the Eagles football team when he attended Canyon High School.

Dr. Ples Harper Speaker for AAUW

Dr. Ples Harper will address the local chapter of the A. A. U. W. Tuesday evening, February 18, at 7:30 in room 202 of the Education Building on "The American Cultural Relation Program in Latin America." The students of Spanish classes from Canyon High School will assist Dr. Harper. The program is a presentation of the International Relations Study Group of which Miss Carolyn Newsom is chairman.

Mrs. C. L. Thompson was re-elected secretary of the Panhandle Hardware and Implement Association at the 38th Annual Convention which ended in Amarillo Tuesday. Mrs. Thompson has served for three years in this office. She has made an outstanding record, building the association up to 300 members.

C. L. Thompson was president of the Association for the past year.

Mr. and Mrs. Thompson were highly complimented for the record year's accomplishment. The attendance was the largest in the history of the organization. More than 750 attended a barbecue Monday evening, and more than 450 were at the annual banquet Tuesday night.

A. S. Meinecke of Lubbock was elected president of the association for the coming year.

Upchurch To Go To Meeting of Wheat States

W. H. Upchurch will represent the Randall County Farm Bureau at Omaha, Nebr., Friday and Saturday at a conference of wheat growers in the western states. Joe Hutton of Spearman and R. C. Buckler of Stratford will be the other two delegates from the Panhandle. All represent the Farm Bureaus of this section.

Delegates will be present from all of the western wheat growing states and an effort will be made to work out a future plan for farmers engaged in wheat production.

Tierra Blanca Herd Was Sold at Sale Held in Amarillo

The famous Tierra Blanca Hereford herd was sold Friday and Saturday at public auction held in Amarillo.

W. A. McSpadden, owner, stated that his physicians ordered that he "take it easy" because of his health. The herd was one of the best known in the nation and attracted buyers from all over the southwest. The registered herd brought very satisfactory prices.

Lloyd King Gets the Job of New District Attorney

C. Lloyd King, former assistant district attorney, has been appointed by Governor Jester as District Attorney of the 47th Judicial District.

King succeeds Judge James G. Lumpkin, who was appointed by Governor Jester as Associate Justice of the Court of Civil Appeals. The appointment of Lumpkin was confirmed Thursday by the State Senate, and he took the oath of office Monday.

John L. Bagwell, another assistant district attorney, was here last week seeking support in his campaign for the appointment as district attorney. After the appointment of Mr. King to the office, Bagwell announced that he would resign as assistant district attorney on February 15.

Local Boy Saves Sailor's Life

The News received the following story from New Orleans, La., this week:

Crew members of the cruiser USS MACON were telling the story here today of how Edgar D. Persons, aviation radioman, third class, USNR, of Canyon, Texas, saved the life of an Argentine sailor in Cristobal, Panama, last week.

Persons, in Panama with the MACON during a Naval Reserve training cruise, was swimming in a USO pool at Cristobal after a day of sightseeing. The Argentinian got into deep water, began to struggle and called for help in Spanish. Persons swam to his aid and pulled him out of 8-foot-deep water, then helped administer first aid.

During the two-week trip to Panama in the MACON, first postwar training cruise for Naval Reservists in the Eight Naval District, Persons stood voice watch in the ship's main radio shack. He is a veteran of 26 months wartime Navy service, a graduate of Canyon high school, and is now employed on his father's farm near Canyon.

Red Cross Needs Used Clothes

Mrs. Hattie Briggs, Home Service Secretary for the Red Cross, announced that good, clean, used clothes are needed by the Red Cross in Randall county. These clothes are to be passed on to the needy families in Randall county. Those who have clothes to contribute to the Red Cross are requested to bring them to the Home Service Office on the third floor of the Court House on Monday, Wednesday or Saturday afternoons.

'Column Right---Whup!'

Bufs Lost at Hardin-Simmons on Friday Night

The W. T. Buffaloes entertained the Texas Mines quintet in Burton Gymnasium Thursday night and drubbed them 62-38 in a conference game.

Speed was the theme of the encounter with Santos Perez and Mike Izquierdo leading the Miner attack with nine points while reserve forward Bill Miller bagged 14 tallies for the Miller men. Highlight of the game was the rejuvenated play of J. W. Malone who brought the crowd to their feet by sinking several long left-handed shots for which he is famous. J. W. has apparently been in a scoring slump, but his performance of that night brought hope to the fans that he had found his shooting-eye again.

Friday night the Buffalo cagers traveled to Abilene where they collided with the Hardin-Simmons Cowboys in a game which everyone had hoped to be a set-up for the Buffaloes. After leading throughout the clash, the Buffaloes were tied in the last 40 seconds by Wayne Prescott's two free throws and seconds later Jack Martin bagged a two-pointer for the Cowboys. After this goal the Buffaloes did not have time to get the ball back down in a scoring position.

Out of 60 ball games between the two schools, this was the Cowboys' 16th victory as compared to 44 for West Texas State.

Glynn Braden led the Canyon scoring with 9 points, followed by Boyce Box and J. W. Malone with 8 each.

Jack Martin was the entire show for Hardin-Simmons as he dumped through 22 points in the fray.

Legion Sponsoring Oratorical Contest

The American Legion sponsored National Oratorical Contest, will have the Randall county contestants in competition at the Legion Hall on Monday evening, February 17 at 8:00.

Mrs. James Vernon, speech teacher at Canyon High School, is entering Betty Ann Miller and Muriel Fay Cope for Canyon High. Mrs. Tommie Montfort speech teacher at W. T. High School is entering Bill McDonald for W. T. High.

The winner will receive a first place gold medal and \$15.00 cash and a chance to win at the District Contest. The District, Regional, State and National Contest keep pyramiding in value until the winner in the National Oratorical Contest will receive \$5,000 as a 4-year scholarship in any college or University in the U. S. A. In the local contest, there will also be second and third place medals and cash prizes.

The constitution of the United States is the subject from which the contestants must take the material for their speeches. A part of the contest will be an extemporaneous talk on any part of the constitution as selected by the judges.

The public is cordially invited to attend this meeting and all members of the Legion and Auxiliary are urged to support this worthwhile program by their attendance.

Local 40 and 8 Amarillo Guests

At a called meeting of the Canyon Forty and Eight, Tuesday night, an invitation to all local members was extended by the Amarillo Voiture to attend a Ladies Night Banquet and Party to be held at Dream Dining Hall Friday night, Feb. 14. The Dream Dining Hall is located west of English Field.

It was disclosed at the meeting that the local Voiture now has 25 paid members, and is putting on a vigorous drive for new members.

Betty Jo Baber, who is attending Nursing School at Northwest Texas Hospital in Amarillo, spent last week-end in the home of her parents, Mr. and Mrs. Joe Baber.

W. T. Athletic Program Boosted Local Citizens

Sixty-five local citizens, with a few from other towns, met Thursday night at the district court room and pledged support to Coaches Frank Kimbrough and Clark Jarnagin in building the Buffalo football team.

Bob Crudginton, president of the athletic group, outlined the work which had been done during the past year in building the athletic program and band of the college. Progress had been shown by the work of the group. Every citizen of this area was invited to become a Buffalo booster in order that top-notch teams may be developed and the people be given the opportunity to see athletics of the university class. "The new coaches cannot do this in a year, but they can start building this program in 1947," stated Mr. Crudginton.

Judge Wm. Boyce of Amarillo stated that he endorsed the entire program, and was backing the Buffalo athletic department.

Raymond Thompson of Vega, past president of the Ex-students Association and a former Buffalo player, was enthusiastic over the program.

Dr. R. A. Neblett stated that any money invested in the athletic program was an investment in the future of Canyon. The college is at a stage when great developments may be expected with the proper backing of all citizens of the Panhandle. The program as adopted by the athletic group is of long range, for 5 to 10 years.

Mayor W. A. Warren stated that when students from the Panhandle go to other colleges, that West Texas State is penalized. People of this area must demand such an attractive institution that they will want to come to Canyon instead of going to other places.

W. H. Harden enthusiastically endorsed the program as a great advertising program. "The college is our greatest asset," and Mr. Harden called upon all citizens to back its work.

Stork Specials

Mr. and Mrs. W. M. Shultz are the parents of a boy born on February 5.

Mr. and Mrs. Edward Burus have a new son born on February 6. A son was born on February 11 to Mr. and Mrs. Dan Gerald.

A daughter was born to Mr. and Mrs. R. S. Davis on February 12.

A daughter was born on February 10 to Mr. and Mrs. Branch T. Archer, in St. Anthony's Hospital in Amarillo. Mrs. Archer will be remembered as the former Evangeline Baker.

Lions Club Will Sponsor Variety Show

Canyon Lions Club is sponsoring the College Variety Show to be presented on February 24 at Canyon High School, and on February 25 at the college Administration Building at 8:15 p. m.

Proceeds from this show will go toward building a library building for Randall County, which is the present project being put underway by the Lions Club. Admission to the Variety show will be 60c and 30c, and tickets will be on sale at an early date.

RANDALL COUNTY SING-SONG
The Randall County Sing Song Band will meet Sunday, February 16 at Fairview, at 2 o'clock. A large crowd is expected and everyone is cordially invited.

Mrs. John Hammond returned Tuesday from San Antonio where she has been undergoing medical treatment for the past few weeks.

"We were wondering if we could borrow one of your elephants to help carry a big sign in a parade we're having."

Jarnigan Issues Cindermen Call

Track hopefuls are being issued a call today from Clark Jarnigan, new cinder coach, to report for the first practice session to be held Wednesday.

"Any student in school will be welcome to come out for track," invited Mr. Jarnigan. "We will try to have an attractive schedule this year and we hope to annex a few meets to add to last year's total of four championships out of five meets entered."

Although a complete track calendar has not been finished, Mr. Jarnigan plans to take his speed-and-jump team to the Fat Stock Exposition Meet held in Fort Worth March 14-15.

Plans are being made to take the team to a few outside meets and to have at least two or three track duels here. The season will be terminated May 9-10 when the Buffalo hopefuls enter the Border Conference test at New Mexico University in Albuquerque.

President Truman broke precedent when he greeted Polish Ambassador Winiewicz with a 250-word statement that the Yalta pledge of free and unfettered elections had been broken. Heretofore it has been customary for Presidents to greet Ambassadors with 1000-and-up-word statements on the subject of how have you been.

The food situation in Japan may lead to a book to be called: "The Rise and Fall of an Empire."

CONSTIPATION

Risky in BAD COLDS

Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and virus-laden mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed. 10c and 25c at all druggists.

SO NOW IT'S OPEN - CONNER WELCOMES ROOMERS

Newest building on the campus, Conner Hall is also the most attractive in the opinion of its first occupants. The 98-man dormitory has been in use since students began the moving-in procedure Sunday, February 2.

Incorporating the latest developments in design, structure and supervision, Conner contains 49 rooms, each equipped with a buzzer, night light, steam heat and ample accommodations for two men. To save Central at least a small portion of the worries inherent with the campus telephone system, the Conner number, as yet unlisted, in any directory, is 584.

Pictures above portraying life in the new hall show: roommates Frank Stallings and Dick McCune, both freshmen from Pampa, unpacking the last suitcases; T. C. Brown and Bill Latson, freshmen from Amarillo, catching up in their studies, (or a reasonable facsimile thereof); and five Conner residents indulging in some kind of unnamed activity. Having no way of designating which type of activity, the staff finally concluded that the boys were just standing. Milton Morris is supervisor of Conner Hall.

Backers Promise Early Installment

Stiffened necks and dampened spirits, the result of keeping up with the score at Buffalo basketball games, will soon be of the past.

Yes, over \$300, approximately enough for a new electric scoreboard, has been raised, according to J. T. Harp, business manager of WT publications, and Bob Clark, who has cooperated with the cheerleaders, Bob Copeland, Clarence Kincaid, James Bates, Peggy Head, LaNelle Ekelund, and Fayrene Bolton, in a campaign to raise the money.

By means of a school-wide dance at Burton Gym several weeks ago sponsored by Type High, the journalism fraternity, \$172.25 was raised toward the scoreboard. The remainder of the money has been donated by interested townspeople.

The scoreboard has already been ordered by Hank Decker, representative of equipment in the athletics department.

An Omnibus Labor Bill which will probably get by both houses and survive the Presidential veto will be ready by March 15. Sen. Ball's hope to outlaw the closed shop has little chance of surviving and pressure to end industry-wide bargaining is diminishing.

Smart Congressmen were quick to decide that AFL's conciliatory attitude on portal-to-portal pay issues and large wage increases was merely window dressing for their plans to supplant the CIO as the "most favored" union in governmental eyes.

A man was fined in New Jersey for rigging up an electric wire that killed a neighbor's dog. The court was shocked.

U. S. tariff policy is due for scrutiny, but despite predictions, the GOP will not abandon the reciprocal trade system before 1948.

writes E. B. Palmer
Denver, Colo.

Here's Proof of Extra Mileage in the Tire That OUTWEARS PREWAR TIRES

Testimonials like the above letters about the new B.F. Goodrich Silvertown are not uncommon. Nor are we surprised at this evidence of long mileage. This extra mileage was scientifically engineered into the tires. First, a wider, flatter tread was developed for longer wear and greater protection against skidding. Second, to hold that huskier tread a new 35% stronger cord body was developed. That's why we say, see us today ... equip your car with the new B.F. Goodrich Silvertown ... the tire that outwears prewar tires.

To avoid another disastrous steel strike, CIO negotiators admit the tie-in between wage costs and production costs. They may accept a "no strike" clause if management will agree to adequate grievance machinery.

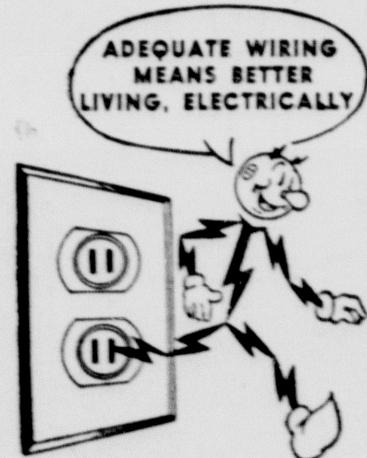

A STITCH IN TIME -

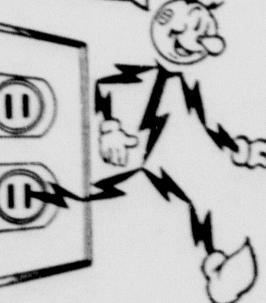

Adequate wiring is like that proverbial "stitch in time."

Today, many businessmen are finding, as they improve their lighting, that present wiring is inadequate. Luckily it costs little to replace present wiring with adequate wiring, but it is frequently troublesome.

The lesson is obvious. If you are building a place of business or a home, check carefully and make sure that you have adequate wiring for today ... and tomorrow.

MRS. G. B. COMBS ENTERTAINS WITH COLONIAL TEA
Thirty-three club members and nine visitors were present. On Thursday, February 6, when Mrs. G. B. Combs, 1500 6th, was hostess to the Canyon Mother-in-Law Club for the annual Colonial Tea.
The entertaining rooms were decorated with vases of seasonal flowers and greenery, and as each guest arrived they were presented a miniature corsage, gifts of Mrs. Combs and Mrs. Fred Marshall.
Mrs. R. D. Lowry, club president, conducted the short business session and several new members were taken into the club. At a previous meeting it was voted to have a "dish collection" and a large number of articles were turned in, and all items will be given to Boys' Ranch at Old Tascosa.
Mrs. G. B. Bourland, being the largest donor to this cause, turned in more than 40 items.
Mrs. Otto Samuelson was presented to the club as the new baby sister and was given some "good advice" in the true mother-in-law fashion.
Under the direction of Mrs. M. E. Sargee the musical program followed the business session. Mrs. Mary Langston presented Misses Mary Mae and Shirley Peppard in a piano duet, followed by group singing. Others appearing on the program were Mrs. Sargee, Mrs. Stratton and Mrs. Mary Langston.
Readings were given by Mrs. Langston and Mrs. Lowry.
Mrs. J. C. Dowd and Mrs. M. E. Sargee assisted the hostess in serving hot tea, home made cookies and mints to the following guests and members of the club: Mrs. Lula Johnson, Mrs. A. C. West, Mrs. T. T. Fain, Mrs. G. B. Bourland, Mrs. Cynthia Anderson, Mrs. R. M. Gibbs, Mrs. W. L. Rice, Mrs. M. E. Cleavenger, Mrs. N. A. Croson, Mrs. Mary Langston, Mrs. Ethel Dooley, Mrs. J. T. Sykes, Mrs. Lucille Devault, Mrs. R. D. Lowry, Mrs. Otto Samuelson, Mrs. E. Gidden, Mrs. T. V.

Prieze, Mrs. Fred Marshall, Misses Mary Mae and Shirley Peppard and the hostess, Mrs. Combs.
The next meeting is March 6, at the home of Mrs. G. C. Cole, 1903 2nd Avenue.

MRS. ED BOURN HOSTESS TO WEST SIDE H. D. CLUB

A Traffic Plan for the Home was the demonstration given by Miss Patterson when the West Side Home Demonstration Club met for an all day meeting with Mrs. Ed Bourn February 5. Three different plans were chosen and discussed. "Have the working units in your house plan situated so as to insure a minimum of steps," said Miss Patterson.

A goal: "Draw a house plan to scale that includes changes and improvements you would like to make in the home you have."

Making an asparagus bed was suggested by Miss Patterson and Mary Washington was suggested as the best kind.

The Texas Agriculture report was given by Mrs. John Bryan, "The President's Message."

A council report was given by the President Mrs. Louis Tuck in the absence of the Council Representative, Mrs. W. L. Avent.

Those present were: Mrs. C. E. Head, Mrs. J. T. Brown, Mrs. Ray Metcalf, Mrs. J. E. Hunter, Mrs. W. C. Roberts, Mrs. Pat Baber, Mrs. E. N. Zachry, Mrs. R. A. Burrus, Mrs. J. W. Bourn, Mrs. B. A. Burrus, Mrs. J. A. Smith, Mrs. Louis Tuck, Mrs. J. J. Wright, Mrs. John Bryan, Mrs. Lou Bonner, Mrs. J. D. Pruitt, Mrs. J. B. Hager, Mrs. Joe Baber and Mrs. Mary Hill. Three new members, Mrs. Wayne Porter, Mrs. Hershel Jennings, Mrs. Bill Birmingham, and the hostess, Mrs. Ed Bourn.

The next meeting will be with Mrs. B. A. Burrus, Feb. 19, at 2 o'clock.

HIGHLAND CLUB WITH MRS. L. E. MASON

Highland Club met in the home of Mrs. L. E. Mason.

Roll call was responded to by a step-saver for the house. A demonstration on plans for the house was given by Miss Lou Ella Patterson.

Refreshments were served by the hostess to five visitors, Mrs. Carl Fuqua, Mrs. John Broadbudd, Mrs. Earl Norman, Mrs. Raymond Kimball and Mrs. Guthrie, and the following club members: Mesdames Clyde Jones, Kenneth Jones, M. L. Cribbs, L. J. Fulton, Doyle Rush, C. O. Davis, Frances Mitchell, Kenneth Broadbudd and A. N. Green, and to Miss Lou Ella Patterson, home demonstration agent.

MISS PATTERSON SPEAKS TO PARK H. D. CLUB

The Park Home Demonstration Club met February 6 with Mrs. J. H. Bartlett. Miss Lou Ella Patterson presented a traffic plan for homes and gave timely suggestions for remodeling and plans for new homes.

Refreshments were served to Mrs. Calvin Casey, Mrs. G. A. Prater, Mrs. Flynn Winters, Mrs. Leonard Winters, Mrs. J. V. Williams, Mrs. O. E. Shearer, Mrs. Geo. Colling, Mrs. O. E. Wineinger, Mrs. H. A. Simon, the hostess, Mrs. Bartlett and guests, Mrs. Beaman and Miss Patterson.

PRISCILLA CLUB WITH MRS. IRVIN SORELLE

Mrs. Irvin SoRelle was hostess to the Priscilla Club on Wednesday, February 5. Needlework was done during the afternoon. A lovely salad plate with coffee and hot rolls was served to Mrs. J. J. Walker, Mrs. C. M. Presley, Mrs. E. D. Walker, Mrs. C. M. Dowlen, Mrs. Ray McReynolds, Mrs. Frank Hicks, Mrs. S. B. Louder, Mrs. J. L. Dufflot, Mrs. Alfred Bellah, Mrs. J. M. White, Mrs. Ernest Brown, Mrs. J. Madison Daugherty, Mrs. Tom Knighton, and Mrs. J. Evetts Haley.

PRESBYTERIAN GUILD MET WITH MRS. JOYNER

The Presbyterian Guild met on Tuesday, February 3, in the home of Mrs. C. L. Joyner. Mrs. Elizabeth Jones led an interesting discussion on "Race Prejudice." After a business meeting, the social hour followed. Delicious refreshments were served to 13 members.

The next meeting will be at the home of Mrs. Hattie Briggs on February 17.

News In Canyon 25 Years Ago
(Taken from the files of the Randall County News of February 9, 1922)

President J. A. Hill outlined his program for the development of the normal during the coming 15 years. A strong athletic program was one of the major objectives.

The resignation of Rev. B. F. Fronabarger as pastor of the First Baptist Church was accepted by the congregation. Mr. Fronabarger stated that he expects to continue living in Canyon, but will devote most of his time to the development of the Baptist Encampment in the Ceta Canyon.

The Klan from Amarillo paraded in Canyon Friday night, with 66 men in robes. Manager A. J. Arnold of the light company received a call from Amarillo ordering that street lights be cut off at 8 o'clock for the parade. A large number of Canyon citizens witnessed the parade of the hooded klansmen, who carried a various assortment of banners.

W. C. Black, tax collector announced that 1291 poll taxes had been paid. This is election year with much interest being shown in the July primary.

Jim Ferguson has wrecked the American Party in Texas and will run for the U. S. senate on the Democratic ticket.

Mrs. T. Wallis, 96 years old, was burned to death at the home of Mrs. Tom Buster where she had been living for several years.

A daughter was born to Mr. and Mrs. Ed Evers.

Among the candidates to announce are: W. C. Black, sheriff and tax collector; D. Mack Stewart and Arnot Moreland, tax assessor; O. W. Gano and J. A. Tate, clerk; Mrs. Myra Smith and Mrs. C. C. Hughes, treasurer; Henry S. Bishop, district Judge.

The California gold rush of 1849 has been duplicated in reverse. The 49ers took the gold out of the Golden State—the (19) 46ers left more than \$8 million, says the state's convention committee.

Tea-Shower Fetes Bride-To-Be

In a setting of candlelight and bouquets of azaleas and pink and white carnations, Miss Jessie DeGraffenried, bride elect of Kenneth McDouall, was honored Monday afternoon at a tea-shower. The scene

Try this Easy Way to... CLEAN DENTAL PLATES

At last, a scientific way to clean dental plates and bridges REALLY clean. Just put your plate in a glass of water. Add a little quick acting KLEENITE. With magic-like speed, discoloration, stains and tartar odor vanish—the original clean brightness returns! It's easy, economical. Ask your dentist for KLEENITE today.

KLEENITE the Brushless Way.

Get KLEENITE today at Canyon Drug and all good druggists.

of the tea was Mrs. J. J. Walker's home, and hostesses were members of the Women's Society of Christian Service of the Methodist Church.

Receiving guests during the afternoon were the honoree, her mother, Mrs. M. C. DeGraffenried, Mrs. D. A. Nicholas and Mrs. Walker. The honoree was attired in a street length maroon velvet dress, complemented with a yellow orchid. Mrs. Paul Rogers presided at the guest book.

Guests were served from a lace covered table centered with a heart of pink and white carnations topped with a miniature bride and groom and flanked by yellow candles in crystal candelabra. A white satin streamer was entwined in the centerpiece bearing in gold letters "Jessie and Kenneth." Miss Elizabeth Cox poured tea. Approximately seventy guests called during the tea hours from 2 to 5 o'clock, and many others sent gifts.

NANCY ROOT HONORED ON NINTH BIRTHDAY

Mrs. Gene Root, with the assistance of Ellen, honored her daughter Nancy's ninth birthday with a party in her home, 1001 7th, last Thursday afternoon.

Several ring games and riddles composed the afternoon's entertainment. The honoree received many lovely gifts. Refreshments of birthday cake, cookies, candy and pop were served.

Guests were Diane Prichard, Florence Hacker, Anna Marie Barker, Betty Jones, Dora Jean McAttee, Sarah Jo Hickman, Jeanette Weeks, Annette Meyer, Jeanine Thomas, Charles Brasher, Joe Max Carver, Juaneille Burrus, Helen Meyer, Sandra Michael, Elouise Money, Ed Money, Harold Root, Loretta Dea Crow, Charlotte Crain, Mary Louise Higdon, Fanita Marshall, and Patsy Jo Hickman. A gift was also sent by Jerome Edwards.

VALENTINE DINNER HONORS HUSBANDS

The M. E. H. Sunday School Class of the First Baptist Church entertained with a Valentine supper at the church Friday evening, February 7, honoring the members' husbands. The Valentine motif was carried out in the table decorations, and the colors were pink and silver. Place cards were miniature Valentines and pink candles in crystal holders completed the table decorations.

Officers of the class and associate members were introduced by Mrs. Walter Graham, class president. The invocation was given by W. H. Harden. Mrs. A. K. Goodman had charge of the program.

Attending were Mr. and Mrs. Tom Gooch, Mr. and Mrs. R. N. Cooke, Mr. and Mrs. J. Prichard, Mr. and Mrs. W. R. Crow, Mr. and Mrs. Joe Cox, Mr. and Mrs. Earl Davis, Mr. and Mrs. Marion Davis, Mr. and Mrs. Frank B. Parker, Mr. and Mrs. T. E. Beard, Mr. and Mrs. Uil C. Gunter, Mr. and Mrs. Albert Byars, Mr. and Mrs. Harley Burrus, Mr. and Mrs. Norvell Dickerson, Mr. and Mrs. D. M. Foster, Mr. and Mrs. T. S. Stevenson, Mr. and Mrs. Lorenzo Wirt, Mr. and Mrs. Walter Graham, Mr. and Mrs. C. O. Elkins, Mr. and Mrs. Dan K. Usery, Mr. and Mrs. Arthur Goodman, Mr. and Mrs. W. H. Harden, Mr. and Mrs. O. B. Vaughn, Mr. and Mrs. Burney Slack, Mr. and Mrs. T. H. Brasher, Mr. and Mrs. Lonnie Byars, Mr. and Mrs. Paul Rogers, and Mrs. A. G. Brant. Mrs. Myrtle Schneider, Mrs. Faye Cannedy, Mrs. J. J. Boling, Mrs. Boyd Moore, Mrs. Mack Stallings, Mrs. Ona Mae McMurray, and Mrs. H. T. Wilcher.

ROSE WALKER CIRCLE HAS REGULAR MEETING

The Rose Walker Circle of the First Baptist Church held its regular meeting Tuesday afternoon at the home of Mrs. Cynthia Anderson. Mrs. Anderson gave the devotional, and roll call was answered by Bible verses. During the business session a collection was taken for clothing for Buckner Orphans Home in Dallas. Mrs. J. W. Norvell gave a book report on "Stewardship."

Refreshments of sandwiches, cake and tea were served to Mrs. R. E. Gill, Mrs. E. B. Anthony, Mrs. George Small, Mrs. T. T. Fain, Mrs. G. W. Combs, Mrs. I. M. Steen, Mrs. J. C. Dowd, Mrs. C. O. Cooper, Mrs. J. T. Burnett, Mrs. W. H. Sparks, Mrs. Lula Johnson, Mrs. J. D. Key, Mrs. Cynthia Anderson, Mrs. Charles H. Stratton, Mrs. Norvell and the hostess.

The next meeting will be in the home of Mrs. G. W. Combs.

NELL GREEN SHOWS DOLL COLLECTION AT SUE HITE

"Hobbies" was the program subject discussed at the meeting of the Sue Hite Study Club last Monday afternoon in the Thompson Club Room. After talks by Mrs. E. R. Cleavinger and Mrs. Levi Cole and a short discussion on unique collections, Miss Nell Green displayed her beautiful collection of dolls. Her collection included many dolls of other nations and dolls costumed in many different types of material. Miss Green fascinated the group with her talk about the history of many of the dolls in her collection. Members present were Mrs. Cleavinger, Mrs. Cole, Mrs. A. G. Brant, Mrs. Hatcher Brown, Mrs. D. M. Foster, Mrs. Harold Heard, Mrs. Crews Henry, Mrs. Virgil Henson, Mrs. W. E. Miller, Mrs. Burney Slack and Miss Nell Green and Miss Eula Potter.

HOSEA FOSTERS HOSTS TO DINNER-BRIDGE

The Monday Night Dinner-Bridge Club met in the home of Mr. and Mrs. Hosea Foster on February 10. High score for the ladies was won by Mrs. Milton Morris, and Otis Parker won high score for the men.

Members present were Mr. and Mrs. Otis Parker, Mr. and Mrs. Milton Morris, Mr. and Mrs. M. J. Newman, Mr. and Mrs. Gordon Lyons, the host and hostess and guests, Mr. and Mrs. Al Williams.

LOCKETT CIRCLE MET WITH MRS. RUSSELL

The Lockett Circle of the First Baptist Church met in the home of Mrs. A. B. Russell on Tuesday, February 11, for a covered dish luncheon and quilted a quilt for the Mexican Orphans home at San Antonio. Mrs. W. H. Harden gave a book review.

Those present were, Mrs. Henry Cone, Mrs. W. A. Black, Mrs. R. C. Yarborough, Mrs. G. C. Cole, Mrs. W. H. Harden, and visitors, Mrs. Mary Burtz, Mrs. W. I. Wester, Mrs. Gus T. Miller, and the hostess.

The next meeting will be next Tuesday in the T. E. L. class room at the church.

MRS. EARL DAVIS HAS JOWELL H. D. CLUB

The Jowell Home Demonstration Club met in the home of Mrs. Earl Davis on February 5. An interesting program on helping children was given by Mrs. Tom Gooch, Mrs. G. A. Dietz and Mrs. Davis.

Those present were Mrs. G. H. Dietz, Mrs. F. A. Dietz, Mrs. Eugene Bonds, Mrs. G. J. Bonds, Mrs. S. G. Elliott, Mrs. T. G. Bonds, Mrs. Gooch, Mrs. Louis Hinders, and visitors, Mrs. G. G. Leavitt, Mrs. Powell, Mrs. Buecher and Mrs. Barrett. The hostess served refreshments of peaches with whipped cream, cake and coffee. The next meeting will be February 19, at the home of Mrs. S. G. Elliott.

JIMMY LINDSEY HONORED ON SIXTEENTH BIRTHDAY

Jimmy Lindsey was honored on his sixteenth birthday with a birthday dinner in the home of Mr. and Mrs. Max Barnard on Tuesday evening, February 11. A seafood dinner was served followed by the serving of home made ice cream and the birthday cake. Those present were Jimmy Lindsey, Paul Lindsey, Bertha Lee Lindsey, Erna Sutton and the host and hostess, Mr. and Mrs. Barnard.

ENGAGEMENT ANNOUNCED RECENTLY AT SHAMROCK

Mr. and Mrs. Jess Pennington of Shamrock are announcing the engagement and approaching marriage of their daughter, Wanda, to John Morris, son of Mr. and Mrs. M. M. Morris of Canyon. The wedding is to take place on February 14 in the Polk Street Methodist Church in Amarillo.

1930 BRIDGE CLUB ENTERTAINED FRIDAY

Mrs. John S. Humphreys entertained the 1930 Bridge Club with a luncheon last Friday, February 7, at Cousins Hall.

Tables were decorated with green fern and red ribbons, and the hostess presented each member an original favor.

Word was received here by Mr. and Mrs. Silas Hart, that their son, Capt. Fred Hart, has been transferred from Africa to Germany.

Attending the Episcopal Church Convocation which was held in San Angelo last week-end, were Mr. and Mrs. G. E. Clark and Mr. and Mrs. C. L. Joyner.

Sees Wider Use Of Helicopter

Ogburn Tells of Findings In Study of Aviation's Effect on Life.

CHICAGO.—Prof. William F. Ogburn of the University of Chicago, speaking at the Chicago club, predicted greatly increased use of helicopters by individuals and industries. Professor Ogburn, who has just completed a survey on aviation's effect on life, with money given to the university for that purpose by United Air Lines, also predicted that so far as its effect on business is concerned, aviation, and particularly the airplane, would favor big business rather than small, chiefly because of the cost, in any future development.

National Newspaper.

He also offered the possibility of a "national newspaper," which would be flown to portions of the country far distant from the point of the paper's origin and said that already the airplane had widened the circulation of the country's larger papers.

Another effect on business which further increases in the use of aviation might have, he said, could be the tendency, already beginning to appear on the west coast, to eliminate the wholesaler in purchasing goods for retailing, by dealing directly with the manufacturer and receiving shipments by air.

Uses for Helicopters.

Professor Ogburn cited various uses for the helicopter, some now employed and others potential. They included:

Aerial observation of large herds of cattle and flocks of sheep. Shepherds could be sought out, lost sheep found and speedy contact made with shepherds equipped with walkie-talkies, he said.

Fire fighting over wooded areas and large scale spraying of crops (now "dusted" from planes).

Transportation, either by bus companies or for individuals. Professor Ogburn said it was not at all improbable that four wheeled helicopters would be manufactured which could be flown from suburban homes into business areas, parked there for the day, then flown home at night.

He suggested the possibility of razing certain "blighted areas" in large cities to make landing fields and said, after landing, the four-wheeled helicopters could be driven along the streets to garages at either end of the trip.

Expedition Discovers Tomb

Of an Ancient Peruvian God

NEW YORK. — Discovery of the tomb of an ancient Peruvian god, as important to American archeology as discovery of the tomb of King Tutankhamen was to students of ancient Egyptian civilization, was announced by Dr. William Duncan Strong of the department of archeology of Columbia university.

Strong said that the tomb was found this summer in the Viru valley of Peru and that the grave contained the remains of the great tasked god Atapacc, last of a dynasty which combined the roles of priest, warrior and also personified God.

Buried with the god were a number of objects representing the art of the god's people, the Mochicas, whom Strong called "the local Greeks—they reached the highest artistic point of early Peruvian civilization."

Strong said he placed the time of the burial at about 1000 A. D.

"It was the body of a very old man. He had lost all his teeth except two in the front, and his skin was next to his bones, proving that he must have been very thin and very old—possibly about 100 when he died," Strong said.

The discovery was made during an expedition sponsored by the Institute of Andean Research, and participated in by Columbia, American Museum of Natural History, Chicago Museum of Natural History, Yale university and Smithsonian institution.

Woman Escapes Death in Fall in Grand Canyon

GRAND CANYON, ARIZ.—De De Johnson, 33, of Los Angeles, well-known designer of women's sports clothes, narrowly escaped death when she fell from the rim of the Grand Canyon to a sloping ridge 50 feet down.

She clung to a ledge until three forest rangers rescued her.

She was standing on a small retaining wall, posing for a picture for her husband, Harold Kronthal, when she slipped and fell. Miss Johnson suffered shock, a sprained left foot and rope burns. She was taken to a hospital for treatment.

Mother Bags Big Deer After Leaving Hospital

FALMOUTH, ME. — A mighty huntress—and housewife—is Mrs. Ralph W. Luce.

Mrs. Luce returned home from the hospital where she gave birth to her fifth child.

Later she sighted a buck in a field. First she sent her eldest son, Ralph, 13, after the animal. Then she called him back to watch her sleeping infant, and went out herself to bag the 225-pound deer.

Diplomacy will get farther with guided missiles than with guided missiles.

Watching

By DOROTHY SAWYER

WNU Features.

THE bank was cool and comfortable, and the morning hum of business was progressing at a moderate pace. The line at the Teller's window was as long as any line, and he was commencing to increase his activity.

His hands moved faster, and he figured repeating amounts aloud. A harassed expression flickered across his taciturn face, as if he were momentarily hard pressed.

At the other side of his window was someone who missed none of this, whose slightly narrowed gaze betrayed his attention, and whose eyes frequently slid over, and rested on an armed guard, pacing up and down the length of the bank.

Then, his eyes sullen, he looked squarely at the busy Teller, who seemed unconscious of his scrutiny. He shifted his weight, the woman standing next to him sighed, and he pulled himself erect.

Timing. Timing. Everything was timing. The light from a window focused on some money in the Teller's hands. The watcher looked out of the window beyond the executives' offices, and saw a thin, salow man, hat over his eyes, lift his gaze from a book in his hands and peer into the bank. Could he see him waiting there listening, rigid, one in all the hundreds of those who were, presumably, attending to business?

Now. His right hand strained toward his pocket. Someone in the waiting line dropped a book, and as she stooped to pick it up, the action brought her eyes around in the direction of that straining hand.

A pretty girl smiled at him. He felt a faint disgust. What were they to him today? Furniture, decoration, nothing more!

The hand hesitated, relaxed, and patiently he settled down to waiting.

If Miriam looked at him, now, she would be proud. "Listen, pal," she said often, in her slangy way. "When you don't know what to do—don't. That's the answer—don't. You will win in the long run. You will have everything you want, if you sit tight when the going is tough. Don't force the cards."

Of course, she had never been really hungry, so hungry that all the world was swallowed up in hunger. Hunger reminded him of the key word, the word he would use when the time came.

The shining hands of the great clock on the wall moved, he noted. They moved slowly, but eventually they twitched.

A pretty girl smiled at him. He felt a faint disgust. What were they to him today? Furniture, decoration, nothing more. Some day, perhaps, when he'd had his way he would smile at one of these lush plums.

Miriam called the good ones lush plums, but not for him today. Bah!

The Teller's hands were magic hands; reaching, clutching, sorting, piling and passing out bills. Mostly bills, some change he noted, that shone, and sometimes rolled out toward the edge of the ledge. His fingers twitched.

"Not directly in the line, but of it, the watcher sensed the moment coming closer, and his hands opened and shut, his jaw quivered very slightly, and was still.

His shoulders were thrown back, and no one would have taken him for what he was—weak, really, and tired, and despairing.

The woman next to him moved forward, and he moved too, jostling her by mistake, but her mind was on the bank pass book in her hand. Her turn at the Teller's window was coming.

"Now. Now," he thought. He heard the man in front say, "Thank you" and saw him turn away from the window.

The Teller relaxed a fraction, settling his money and papers into place. Outside the bank the thin man peered in again, at the orderly customers waiting in their quiet rows. Then, he vanished around the corner. The Teller straightened one more pile.

Now. . . . He leaned forward, one chubby hand thrust through the bars, and grasped at the Teller's neat piles, as he leaned from his mother's arms.

"Lettuce," he crowed, "Lettuce." Aunt Miriam, at the Teller's window, pushed him down, gently.

"He's a lively little thief," laughed someone in the crowd.

Russia may stall and stammer in U. N. councils, but in exports she is destined to go fur.

FIRST IN THE FIELD

Council for the defense was cross-examining the witness, a pretty girl with lovely big eyes. The lawyer leaned forward.

"Where were you," he asked, "on Monday night?"

The girl smiled sweetly.

"Motoring," she replied.

"And where were you," asked counsel, "on Tuesday night?"

"Motoring," repeated the girl. Counsel leaned still closer.

"And what," he murmured, "are you doing tomorrow night?"

The prosecuting counsel leaped to his feet.

"Your lordship," he protested, "I object to that question."

The judge shrugged his shoulders.

"And why do you object?" he inquired, mildly.

Prosecuting counsel drew himself up in righteous indignation.

"Because," he snapped, "I asked her first!"

Portal-to-portal pay suits, now totaling more than \$4 billion, will probably go up in smoke. New legislation will make the suits unlawful, based on the fact that industry heads acted in good faith under existing collective bargaining contracts.

Interstate Commerce Commission will pressure Congress for authority to install radio, telegraph or other communication system in trains as additional safety measure.

Our candidate for the dumbest man of the year is the New Yorker who has been holding up people as they were leaving night clubs.

Imagination makes values. You can't tell a real gem from a synthetic one except by checking the wearer's bank roll.

New Head Mentor Arrives; Takes Over Football Helm

Genial, husky Frank Kimbrough strode into his new home in the athletic office at West Texas State Thursday morning, glanced at a shelf of trophies, hung his hat in a locker and said, "I'm mighty glad to be here!"

He was immediately engaged by an eager photographer and an equally eager reporter. Amid the flash of bulbs and barrage of questions, Coach Kimbrough came through with the following statement:

"I am looking forward to pleasant work here at West Texas State. I want to emphasize the point that coaches are not the big factor in a successful athletic program. We need help from a lot of people. Mr. Jarnigan and I need everyone's help and I think we are going to get it."

Meets Friends

At this time, Coach Kimbrough took time out from the interview and went into the front office to meet some old friends who dropped by to see him.

Upon resumption of the interview, the former Baylor head coach said, "I have met a great many of my friends already in my brief time

here and I expect to meet a great many more."

"In fact," he said as he ambled over to a swivel-back chair he will occupy while working in the office, "One of the present Buffaloes, Buck Garrett, is an old Baylor player. He played freshman ball at Waco in '41 and some varsity ball in '42."

Two football players came in to speak to the new mentor which reminded him of another point of interest.

"I am issuing a call now for all boys who wish to play football to report for track training next week. As soon as possible we will begin regular spring training."

No Optimist

When approached as to next year's possibilities, the jovial grid commander asserted, "I am not an optimist. In fact, I am rather a pessimist. I will never predict that we will win a game but I WILL say that we will play a REAL FOOTBALL GAME every time we take the field. Our schedule, at present, is incomplete but it will be completed soon."

Coach Kimbrough concluded his interview by saying, as he walked to the door of his office and looked out at some of his prospective players who had come to get a glimpse of their new boss, "I haven't had a chance to meet any high school players as yet but I expect to in the next few weeks."

"I will say this, I want players who come here to be satisfied and enjoy their work but I also want them to come here with the idea of playing football—good football, that is what counts in my part of this set-up."

Inside dope on the Hank Greenberg sale to the Pittsburgh Pirates is that the wealthy Greenberg irked Detroit owner Briggs when he tried to muscle in on management of the Detroit Club.

The rope shortage will continue till 1950, but the world's rascals need not take this as a sign that they will escape the noose.

What can you do that George couldn't?

THE OLD STORY tells us how George Washington tossed a dollar clear across the Rappahannock River.

But it doesn't say what, if anything, he got back. And that's where you have it all over George.

For, today, if you know where to toss your dollar, it will come back as a-dollar-and-a-third! Or if you toss out three dollars, you're sure to get four dollars back!

The trick, of course, is to toss every dollar you can into U. S. Savings Bonds. For your Government guarantees that you'll get a generous 4-for-3 return in just 10 years.

What's the BEST way to buy Bonds?

You can buy U. S. Savings Bonds at any bank or post office, any time you wish. But the *best* way is the easy way

—the automatic way—through the Payroll Savings Plan!

Then you're saving part of everything you earn, building surely and steadily toward financial independence. And it's amazing how fast these regular Bond purchases pile up money for the things you really want out of life—important things, like a home of your own, or college education for your children, or a retirement fund for the later years of life.

What's more, every Bond you buy helps keep your country financially sound, and that can be mighty important to your own financial security.

So, if you're on the Payroll Plan, *stay on!* If you're not, *get on!* And keep on tossing every dollar you can spare into U. S. Savings Bonds.

Basketeers Depart on Long Road Trip To Three Schools

Texas Mines, Aggies, New Mexico Hosts To Traveling Cagers

Fresh on the heels of a stunning 52-50 upset at the hands of Hardin-Simmons, the West Texas State Buffalo basketball squad left yesterday on a road-trip which will lead into the home grounds of Texas Mines Wednesday night, New Mexico Aggies Thursday night, and a trip finale with New Mexico University in Albuquerque on Friday night.

Plenty of excitement and a fast game are assured El Paso fans tomorrow night when the towering Buffs clash with the speed-to-spare Miners. Only last week the Maroon and White had to come from behind to defeat the Izpillerdo led border quintet 62-38 in Burton Gym.

W. A. Miller, West Texas tutor, will probably give the starting assignment for this game to his 'little six-foot team' rather than his 'big six-foot-four team.'

Thursday night the traveling Buffs will hop over to Las Cruces, New Mexico for a series opening tilt with the Aggies of that State College. As yet the Aggies have only had a fair season in out of league play and a disastrous season in conference play.

First Clash

However, anything can happen in the Border Conference and the Buffaloes will not be taking the Jerry Hines coached five lightly. The Aggies will repay the Texas visit February 28 when they invade Burton Gym.

Traveling to Albuquerque Friday, the Canyon crew will tangle with the second-place Lobos of New Mexico University in Carlisle Gym on the same night. The Lobos have dropped only one conference fray and that to the powerful Arizona Wildcats early in January.

The Lobos will travel to Canyon March 1 for a return engagement which will also end the Buffaloes 1946-47 season.

Farewell—Johnson

Deacon Johnson, tall 6 foot 4 inch senior basketball player for the Buffaloes, has left the campus for this semester to accept a position with a Plainview business firm.

Deac, along with his brother Chat, formed one of the most colorful and well-known brother acts ever to play on the local hardwood. Besides earning a freshman letter, Deac has received three varsity letters.

In 1943 he made the All Border Conference team and in 1945 secured a place on the All-American second team at Kansas City. Also in 1945 he averaged 18 points a game for 26 contests.

Considered one of the best pivot men in the southwest, this willowy Turkey basketeer has an almost unguardable jumping-jack shot which has offered past Buffalo opponents considerable trouble.

Deac is married and has one child. He plans to become a minister and each Sunday will find him in the pulpit of some Church of Christ.

horst and family spent Sunday evening in the home of Mr. and Mrs. Sylvester Batenhorst.

Mr. and Mrs. Henry Bracht and family spent Sunday afternoon in the home of Mr. and Mrs. Cyril Diller.

Mr. and Mrs. Frank Grabber spent Sunday in the home of Mrs. Anna Detten.

Those exchanging visits Sunday were: Rose Bedenk with Helen and Martha Hoffman, Anna Hoffman with Barbara Raef, Carol Lindemann and Melvin Prizilas with Jimmy Jansen, Richard and Joe Friemel and Mienrad Fischbacher with Albert and Bernard Hartman, Anna Lindemann with Annie Koch, Mary Jansen with Catherine Koch, and Sadie Higgins with Otilia Fischbacher.

Fairview Breezes

Rev. Johnston delivered two excellent sermons for us Sunday.

Mr. and Mrs. Vernon Duff were honored with a wedding shower Friday evening in the home of Mr. and Mrs. H. Shipman the acting hostesses were Mrs. T. J. Myers, Mrs. J. W. Wesley, the Misses Evelyn and Annabelle Schaeffer, Vernon Duff, Delbert Wesley and Laurence Moore rendered some good music and singing. Refreshments were cookies and punch. Miss Vesta Amerson presided at the bride's book. Miss Evelyn Schaeffer and Miss Lavinia Amerson served.

The Centerview H. D. Club met Friday in an all day meeting and quilted a quilt for the Spisers, who recently lost their home by fire.

We were glad to have Mrs. Serena Bryan back for church Sunday, after some weeks absence from illness.

Those enjoying lunch in the S. F. Sharps home Sunday were Mr. and Mrs. E. M. Wilson and two sons, Mr. and Mrs. E. W. Schaeffer and daughters, Mr. and Mrs. H. Shipman and children and Raford Shipman, Mr. and Mrs. Johnson and son, Mr. and Mrs. J. W. Wesley, and Mr. and Mrs. G. E. Wesley.

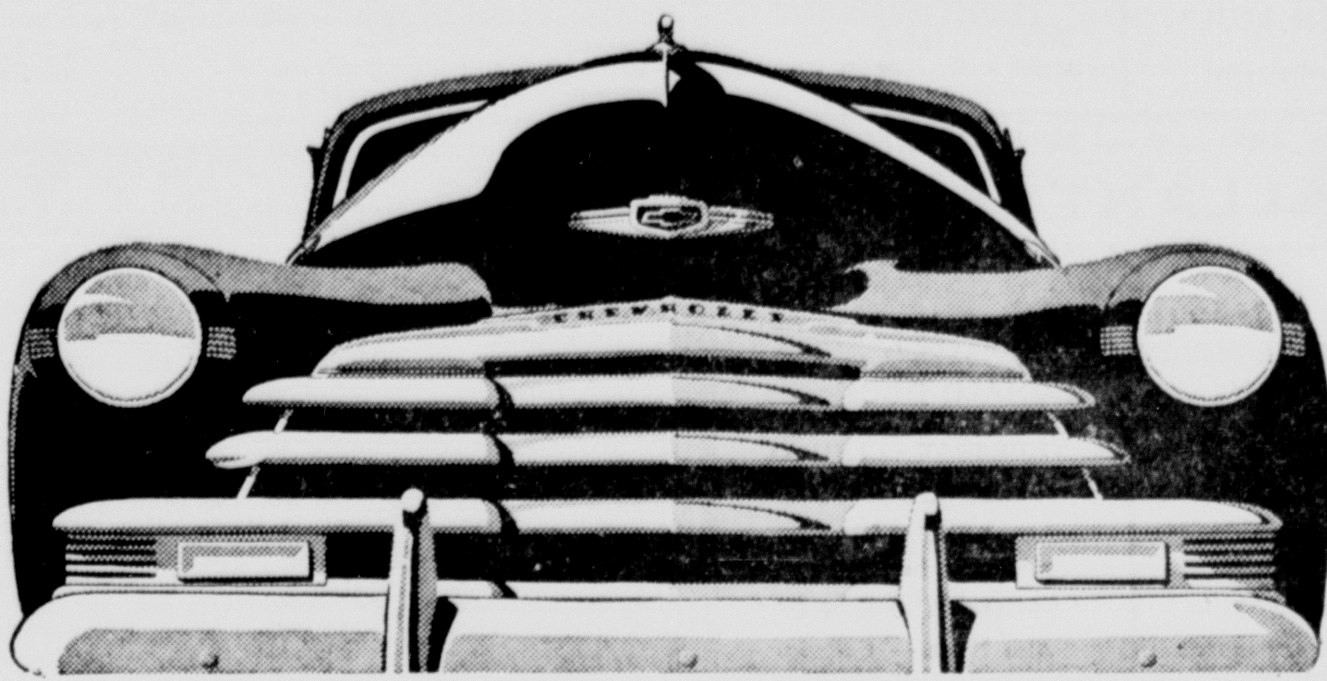

A. E. Wise took a load of cattle to the Fort Worth market Friday.

Well founded reports persist that Dr. John R. Steelman, Truman's economic adviser and ace labor trouble shooter, will quit his White House job to open up a labor advisory service for big industry. Steelman figures his contacts made in the Labor Department, where he served as a conciliator, will win him fat contracts.

One point for the new era of labor peace you hear about is that AFL building trades unions have agreed to submit disputes to labor-management committees instead of striking. It is hoped that this arrangement will lead to building of more homes and less picket fences.

A National Science Foundation to subsidize basic scientific research has a strong chance of becoming a reality during this session of Congress. Supported by Sen. Taft, legislation setting up the foundation will probably authorize \$200 million as a starter.

Growing move to merge professional football and baseball interests will strengthen both games.

First tip-off came when the New York Yankees (baseball) bought the football Yankees of the All-American Conference.

Until further notice Moscow is allowing free sale of grain to Russian farmers. This means that man can make a profit if he knows his oats.

Falling price of small diamonds, 10% to 15% since December, is credited partly to black market dollars. Buying francs at 85 to the dollar, dealers got Belgian diamonds at half price, then dumped them on the U. S. market. Result: Two-thirds of New York's diamond cutters are jobless.

Help Keep Canyon Clean!

Large food chain operators may soon start labeling canned foods informatively as well as descriptively. The idea is to tell customers the quality of the goods they are buying.

Silver's price fall, down 20c an ounce within a few weeks to 70¢—last summer's level—has silver-smiths wondering if bigger drops are ahead. Pre-war price was 35c.

Polio Discussed at Rotary Luncheon Held on Tuesday

Dr. R. A. Neblett was in charge of the Rotary Club program Tuesday and introduced Dr. E. O. Nichols, Jr., of Plainview, who is in charge of the Polio Clinic of Plainview. He recently returned from a clinic in New York sponsored by the National Foundation for Infantile Paralysis.

Dr. Nichols stated that the Plainview Clinic was the first of seven to be established in Texas. The clinic is in the national group which is making a study of polio, and trying to restore its victims. After the disease is checked, comes the long process of restoring the patient, through vocational education in order to make the victim self supporting.

While polio usually hits children between three and ten years old, the disease is not a child's disease and may come to people of any age.

From the study made of the germ, it is not believed that it is contagious. It is thought that it is carried by flies, and transmitted through food, or by kissing.

Clinics throughout the nation have been established to fight polio. These are supported by the March of Dimes, and through local contributions. 44 counties have contributed to the establishment of the clinic at Plainview. Dr. Nichols states that the clinic is well equipped with everything that has so far been developed to fight the disease. Fifty cases may be cared for during the year, but the clinic has never reached full capacity.

It is believed that a large per cent of the population have had polio, and there are indications of many adults having suffered from the disease.

Visitors were: Frank Kimbrough, Clark Jarnagin, Ted Reid, all of Canyon; W. M. Fugit of Lubbock; Fred N. White of Kansas City; Bruce Hardeman of Plainview; R. H. Dutiker, Ted Neely, H. C. Vincent, J. J. Sanders, all of Amarillo.

BORED MEETING

Committees meet with much ado, With much ado they sit; They move, adjourn, and meet anew, And—now and then—commit.

Price skidding, already showing up in soft goods, food and farm staples, will hit manufactured articles early this year—barring severe strike tieups.

Boy Scouts opened their 1947 fund campaign with an early morning mess call at the Waldorf-Astoria in New York. That bugle must have sounded like Gabriel's horn to the regular night-owl clientele.

PRESBYTERIAN CHURCH

The Ladies Auxiliary have arranged for the vespers service at the Presbyterian Church on Sunday at 5:00 o'clock. Mrs. Mary Silgar will review Dr. Harry Emerson Fosdick's book, "Twelve Tests of Character." Mrs. Nancy McCaslin, president of the Auxiliary will preside. Everyone is invited to the service.

At the morning service the pastor, Rev. Robert W. Jones, will preach on "Fishers of Men."

The Youth Fellowship of the Christian and Presbyterian Churches will meet at the Christian Church for supper and then a discussion of Buddhism.

CARD OF THANKS

We wish to express our deepest thanks to our many friends in Canyon who were so kind during our time of sorrow. Nettie Morris, Mrs. Houston Prichard and family, Ed Morris and family, Leslie Morris and family, Ernest Morris and family, Lige Morris and family.

PRACTICE

Two men had met on the beach at Shrimp-Sea. Both were attired in swimming costume, and the conversation turned toward this sport. After a few remarks the elder man said: "I'll race you to the end of the pier and back."

"Right you are," agreed the other, a professional racer. "Bet you ten bob I win."

They plunged into the surf, and the professional swimmer was badly beaten.

"My stars!" he exclaimed, "where did you learn to swim?"

"Me?" said the other. "I used to be a newsboy in Venice."

Writers To Visit Campus March 1

High School Group
Will Confer Here
For Press Study

Young journalists of the area will convene in an all-day meeting here Saturday, March 1, when Cherry Anne Forrest of Hereford, presiding officer, directs the twelfth annual assembly of Panhandle High School Press Association.

Project of the journalism and publicity department of West Texas State College, PHSPA originated in 1934, but was canceled once during war years of gasoline and transportation scarcity. Miss Dorinda Bond, in charge of West Texas publications and news service, sponsors work of the Association.

After registration, which lasts from 9 until 10, representatives from member schools will attend the beginning business session in the auditorium of the Education Building. Featured speaker for the morning meeting will be Charley Guy of the Lubbock Avalanche-Journal and for the afternoon, Wes Izzard of the Amarillo News-Globe.

Good Crowd

"Judging from the reservations we have received already, we can expect between two and three hundred students," estimates Miss Bond.

Plaques will be awarded to winners in seven writing divisions, features, news stories, editorials, advertising, sports column, sports story

and general column. In addition, two schools will merit plaques for service given either by mimeographed or commercially printed newspapers.

Furnishing a short program for entertainment will be the Varsity Variety Show, directed by M. J. Newman. Special section meetings will attempt solution of the various problems encountered by staffs of high school newspapers and annuals.

Plan Luncheon

Demonstration High School journalist and sponsor, Mrs. Chas. Harter, will stage a noon meal for the group, and a light luncheon and fun session will be conducted in the student union, with Canyon High School students overseeing arrangements.

As the final item of business during the afternoon, PHSPA will elect officers for the coming year. Present officials include Merthadene Duesterhaus of Phillips, vice-president; Beverly Baker of Pampa, secretary; and Frances Gooch of Canyon, treasurer.

Current trends in tax-cut legislation indicate that Congress will shoot to benefit the small income group. Instead of the straight across the board 20% cut first proposed, the new program is more likely to provide relief by extending exemptions.

Prospects for Socialized Medicine in Great Britain got a shot in the arm when the government guaranteed doctors that "essential freedoms" of the profession would not be wiped out.

BOYCE HOUSE

It was at Round Rock that Sam Bass met his fate—and I almost did.

I never go through the picturesque little town, 19 miles north of Austin, but what I think of an afternoon in the summer of 1934 when, as my car rounded a curve in the old twisting highway, there was a spot wet from a shower and the machine began skidding. Another auto was approaching and only by the most strenuous effort was I able to avert a collision; then car and I wound up, right side up but in the ditch and on the wrong side—if there is a right side of a ditch to go into.

In case the state associations of history and literature want to mark the spot, you can see it on the old road, off to your right and below you, about 20 yards after you have crossed the big overpass on your way to Austin.

A sign in the little town of Salado calls the public's attention to the old stage coach in, established in 1852.

Can you remember back in Model T days, when Henry's product had only one windshield wiper and the driver had to use one hand to operate it?

Paul Bolton, Capitol City news-

paper-radio commentator, has written a most interesting book, "Governors of Texas." It is artistically illustrated and handsome in appearance.

Senator O'Daniel was quoted by the papers as saying, in substance, that all the Roosevelt legislation ought to be repealed. Among the laws passed during President Roosevelt's administration were social security, guaranty of bank deposits, crop payments to the farmers and old age pensions.

Says a sign in a cafe, "Coffee is still 5 cents a cup—but we don't fill the cup quite as full."

THE MOUSE

The mouse, whose pelage gleams with sleekness, is widely noted for his meekness. His rep for harmlessness he earns in poetry by Bobby Burns. "Wee . . . tim'rous beastie" stirs our pity. For creatures born so little bitty. Yet mice, not viewed through rosy blinkers, I cannot love. They're little stinkers!

Organized labor will fight for Sen. Murray's bill to double income tax exemptions for single and married persons without dependents. Exemption for a single person would start at \$1,000; married persons, \$2,000 with \$500 allowed for each dependent.

State Department will radio English language instructions to the Soviet Union. Officials expect an audience of between 70,000 and 80,000 Russians.

Durable Work Shoes

Here are the rugged work shoes that are really constructed to take rough wear. Uppers are made of the finest grade, double tanned grain leather. Soles are oak tanned leather, sewed and nailed for extra strength. Built on a comfortable last with plenty of toe room.

Editorials

A citizen raised the question with an editorial of last week in the News regarding the ownership of the large corporations. There are only a few big corporations which are not owned by thousands of the "little" folks scattered all over the nation who have their savings invested in these corporations. These investors are entitled to a just return on their money. If they had not been economical and saved a little for their old age, most of them would be on the old age pension rolls today. The question asked: Who is the financial giant of whom we hear so much? A few years ago a man with \$50,000 or \$100,000 was considered comfortably wealthy. What has happened? The big union bosses declare that workmen cannot live on a wage of \$50 per week. What about this so-called "independent man" of a few years ago? In order to make at least \$50 per week today he must have invested not less than \$150,000—which is an unheard of sum of money for the average American. The increased cost of doing business for the big corporations has cut dividends to the investors; the government has cut the rate of interest on its bonds, except E Bonds which draw only 2.90% over a ten year period; rates of interest on loans have declined; and with inflated values of today, just where are you going to find absolute safe investments for the little fellow aside from government bonds? In the meanwhile, the union workmen are crying for a weekly wage of \$75 or more is making more money than the so-called "capitalist" who has around \$225,000 invested—the workman has no worries or obligations which come to such an investor.

The News published an article last week on the bungling of the veteran farm program by the bureaucrats. This article, written by one of the bureau, was published solely for the purpose of telling our readers how the multitude of conflicting governmental agencies was delaying reconversion in the nation. Perhaps the agricultural bungling is more pronounced than that of other lines of reconversion. From the very start there were at least nine agencies who were "trying to help the veterans" with their farm problem. These bureaucrats were at each others' throats until nothing could be accomplished. After being kicked around from one agency to another the veteran usually threw up his hands and asked if that was what he had been fighting for. Consistent readers of the News know that we have little use for bureaucrats, especially the multitude of conflicting agencies which were set up during the war, and which are working against each other. We have long been of the opinion that we shall never get the national affair straightened out until Congress fires about half of those on the Government payroll, who are doing nothing except gumming up the works. Republicans advocate firing about a million who are now on the pay roll. Maybe this will be the answer, but we suspect that about a million good Republicans will be appointed to investigate the lack of co-ordination which has existed among the Democratic bureaucrats during the war. While we must have organization in order that the government may function properly, too much organization, with too many people getting in the way of each other, is the worst thing which may happen.

The merry political war between Senator Tom Connally and Senator Pappy O'Daniel continues. The political feud, in which Pappy has no say, is in the foreground. But he has raised a question that means millions of dollars to the taxpayers. Two years ago while at Temple we were told that the army was going to abandon the big McCloskey Hospital near Temple. The hospital comprises about 40 brick buildings, with the finest hospital equipment that money can buy. At the same time it has been announced that the government intends building another hospital at Marlin, only 30 miles away, which happens to be the home of Senator Connally. We heard the Senator say that he had told his home folks that such a hospital meant little or nothing to

the community in which it is located. Be that as it may, O'Daniel is asking the brass hats why McCloskey is to be abandoned and another hospital built. If this is the case, Pappy is right. If the army has any such ideas in mind, Congress should put its foot down on such wild spending of the taxpayers' money. Such a thing would be a criminal waste of public money.

There has been considerable criticism of the manner in which the legislature stalls around during the first of the session and then rushes during the final days trying to get through. As a result many errors creep into bills. The intent of the constitutional amendment which increased the legislative session of 120 days was correct, but the practice is wrong. In theory, the week-ends are set aside for committee hearings on pending bills. That is a good practice, when it works. Unfortunately all members of the legislature who live within easy distance of Austin go home for the week-end. As a result committees are crippled so that little or no work can be accomplished. Those who live at a distance cannot go home. Various attempts have been made to correct the evil, by paying members only for days when they answer roll call. Unfortunately members of the legislature object to punching the clock in order to draw their pay.

We were in a meeting the other night when 65 citizens talked enthusiastically about the new athletic set-up at West Texas State. There was not a dissenting voice against the expanded program which is being developed. The new coaches at West Texas State will have the hearty co-operation of the entire Panhandle as they start about their program. The Buffaloes have a tough road to travel in the Border Conference. In many respects this Conference is as tough as the Southwest Conference. All citizens wish the new coaches well, and will back them in their efforts to rebuild the football program which was hampered by the blowup last fall in the coaching staff and almost wrecked the athletic situation here.

There is a move on in America to "go by train and get there." There have been so many air plane accidents that the nation is alarmed. Hardly a day passes without several plane accidents. After all, there have been more railroad accidents recently than normal. On the other hand the railroads carry so much greater number of passengers that the comparison is out of line. When a plane crashes, practically the whole crew perishes; and only a small number die in train wrecks. After all, the automobile is the most deadly instrument in the nation, and people do not hesitate to continue driving cars.

President Truman has been pushed toward the nomination for reelection by Bob Hanagan. Wallace is the only other Democrat who is anxious for the nomination, so far as reporters in Washington can ascertain. Truman is the only Democrat who can "stop Wallace." To elect Wallace would be the worst political error that the Democratic party could pull off. Henry wants to give away the balance of the resources of the nation. If you don't think so, just follow his political philosophy. He has been a rank failure in everything he has undertaken in a business way.

The Republicans in Congress are pushing through a constitutional amendment to limit future presidents to two four-year terms. We are of the opinion that the amendment, if submitted to the states, will be adopted. Naturally the Democratic states will look upon the amendment as a slap at Roosevelt. We favor the amendment as a safeguard, with the firm belief that the four terms for Roosevelt

would have resulted in tragic results. The resources of the nation have not quite been given away—but almost.

Probably those 150 highbrow officers in A. & M. College who were reduced to the rank of private now wish that they had not been so cocky. After all, where can anyone find any justification in hazing? A Canyon man who was down state last week told of having talked with freshmen who were beaten until they bore bruises over their bodies. The 200 so-called highbrow officers caused 46% of the freshmen to fail. Certainly this was a case of Democracy working in reverse.

THE GROWTH OF PREPAID MEDICINE

Prepaid medical care plans of one kind or another are making spectacular progress, according to a survey published in Medical Economics.

The leader in the field is naturally the old established Blue Cross organization, which started in 1934. On September 1 last, its coverage totaled 24,000,000 people.

The most rapid growth is being made by state medical care plans approved by medical societies. They are of recent origin for the most part—of 51 in operation on September 1, 21 started during the last two years. These plans were subscribed to by more than 4,000,000 people as of September 1—a jump of 45 per cent since the start of 1946.

The support that the medical profession is giving the plans is shown by the fact that 75,000 doctors, more than half of all physicians in private practice, are participating. Furthermore, coverage will soon reach almost the entire country—as of a recent date, only three small states had no medical care plan in operation or preparation. And it is estimated that the number of people eligible for coverage will reach 100,000,000.

Here is the answer to those who say that private medicine has done little to make its services available, at reasonable cost, to the rank and file of the people. While the cost of prepaid medicine varies from state to state, in all cases it is remarkably low—a few dollars a month for the average family. The extent of the service offered has also been steadily increased. Prepaid, voluntary medicine is the best solution yet suggested to whatever medical care problems we have.

TAXATION AND MONOPOLY

When Congress finally gets down to cases on what is to be done about government expenditures, the national debt, and taxation, it should look squarely at this grim fact: the small and medium-sized enterprise is taking the worst beating under present tax policy.

The big business, with reserves of capital built up over many years, is better able to look out for itself. But the small business, with its current tax burdens, cannot obtain and keep the wherewithal necessary to rapid expansion. Money that, in past times would have gone for new plants, new developments, new employment, now goes to the tax collector.

Senator Gordon of Oregon put the issue well when he said that, once we make it impossible for the small concern to progress and reach its proper place in the economic sun, we are paving the way for monopoly. And monopoly is the surest road known to socialism—

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

MAKE FRIENDSHIPS FIRMER WITH GREETING CARDS. THEY COST SO LITTLE AND MEAN SO MUCH.

with its destruction of all traditional American freedoms.

The tax structure must be revised to permit all enterprise to grow, to compete, and to become big if it has the capabilities. That is the way this nation was built. That is the way we became the world's greatest and richest power in a century and a half. A tax system which says, in effect, "small business must remain small," will prove ruinous to all.

Steel strike repeated this year on same scale as last would cost the nation 12 million tons of steel, enough to make 1.8 million autos, 50,400 freight cars, 1.71 million washing machines, 213,600 tractors,

3.4 million cooking stoves, 4.2 million refrigerators, 20.5 million steel barrels, and 21 billion food containers.

Newspapers should take a militant stand against the ugly burgeoning of professional sports fixing. Think of the space it would take to announce scores such as, say: Bullfrogs 17, Grasshoppers 6, courtesy of Alvin J. Paris & Co.

Truck-trailer industry is ready to produce 100,000 units this year as against 75,000 last year if business conditions demand them.

You no doubt have observed that those who jump to conclusions invariably jump too far.

What we need is shirts—and not brochures, in three colors, on the world of tomorrow. Life is however getting simpler. The laundry used to lose the buttons off my shirts; now, they lose the shirts.

Everybody has heard of "Indian summer," that idyllic period when the heat of summer is past and the air is soft and mild and the trees are red and yellow. But have you ever heard of "blackberry winter?" So many people in Texas hadn't that your columnist checked up with Aunt Agnes while back in Tennessee and she said there was such a season; it's a cool snap that comes about the time that blackberries ripen.

An old favorite by an unknown bard:

"If you want to live in the kind of a town

Like the kind of a town you like, You needn't slip your clothes in a grip

And start on a long, long hike. You'll only find what you left behind,

For there's nothing that's really new;

It's a knock at yourself when you knock your town;

It isn't the town—it's YOU!

Real towns are not made by one afraid

Lest somebody else gets ahead;

When everyone works and nobody shirks,

You can raise a town from the dead.

And if, while you make your personal stake,

Your neighbor can make one, too,

Your town will be what you want to see.

It isn't the town—it's YOU!

Unbreakable Quake Recorder Is Built

Severest Temblor Will Not Damage New Machine.

PHILADELPHIA.—Utilizing principles that enabled scientists earlier this year to bounce a radar signal off the moon, H. G. Swift, research technician at Franklin Institute, has invented a new electronic seismograph for measuring the tremor of earthquakes.

This was announced by Armand N. Spitz, director of education at the institution, who started the 36-year-old electronic's research on his way to inventing the machine, when he mentioned the need of a seismograph that would not break because of severe earth shocks.

Swift, who was an instructor in radar during the war with the U. S. army signal corps, recalled an electronic device he used when he was a prospector for an oil company in Oklahoma.

The result is the new machine which Swift claims cannot be damaged by even the severest temblor. The worst damage that a quake, even of the intensity of the recent Caribbean disturbance, could do, would be to break a 10-cent spring replaceable within five minutes.

This new device signals to its operator by either a bell or light the instant an earth temblor is recorded. The strength of the signal can be adjusted in the same way as the volume on a home radio.

Unlike the conventional seismograph, it does not have to be interrupted in order for the operator to read it. This particular machine will be used by the Polytechnic Institute of Puerto Rico, in the heart of the earthquake belt.

Invention of this type seismograph has led Swift on to another field of electronics. He is hoping to perfect a machine that will plot the pattern of human diseases electronically for use by diagnosticians.

Phone Ceremony Unites G.I.s and English Girls

TUSCUMBIA, ALA.—An eight-minute telephone call from Tusculumbia to Leeds, England, united in marriage two former G.I.s and the teen-aged British girls they courted while overseas.

Three telephones were used on the American end of the ceremony—one for each of the bridegrooms and the other for the officiating minister. About 35 persons witnessed the proceedings in a hotel lobby here.

The former soldiers are George W. Strange, 24, and Verne Griffith, both of Flora, Ill. Strange, an oil field worker, was wed to Edith Davies, 18, of Coventry, Griffith, a farmer, married Audrey Mawson, 19, of Leeds. The two men said they came to Alabama for the ceremony because it is one of few states which recognize such marriages. They split the telephone call charge of \$32 plus 95 tax.

Beas Solves Housing Need for One Veteran

ST. LOUIS.—Because his employer is a "good samaritan," William T. Leahy, veteran of the first infantry division, won't have to worry about the housing shortage.

When George R. Smith Jr., Leahy's employer, learned that Leahy and his wife, an expectant mother, were being evicted, he made arrangements to move a three-room log cabin from his summer home at Morse's Mill, Mo., to a site adjacent to the Mount Hope cemetery and Mausoleum company, where Leahy is employed as a horticulturist.

But that's not all. For good measure Leahy received a cow and 500 chickens from Smith—to go with the new house.

Australian Government Buys U. S. War Supplies

SAN FRANCISCO.—The Australian government purchased all the American supplies at Finschhafen, New Guinea, from the U. S. war stores liquidation authority for \$200,000, Radio Australia announced. Included in the stores was 1,500 tons of radio and electrical equipment, urgently required for Australia's rapidly expanding airlines.

Auction Surplus U. S. Ships in Foreign Ports

PARIS.—All surplus American vessels and harbor craft at Antwerp, Belgium, will be auctioned in a drive to speed disposal of maritime stocks remaining in Europe.

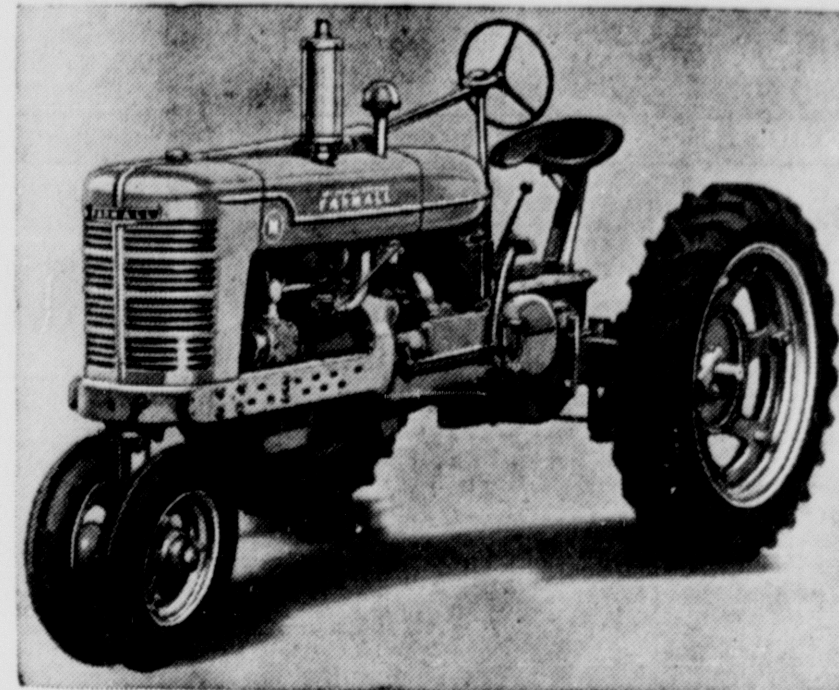

Craft include 115 "seamules" (marine tractor tugs), 41 barges, and 43 landing craft. The equipment originally cost the United States \$17,000,000.

British Army Adopts Monty's 'Easier Life'

LONDON.—The war office put into effect Field Marshal Montgomery's program to lighten the burdens of the British Tommy, but warned officers "It is at this time of transition from war to peace more important than ever that a high standard of discipline should be maintained."

Under this program, unnecessary parades, fatigues, guards and picketing duty are scrapped.

It's the Year 3 A. A. (Atomic Age)—and we're still here!

Please ...

• PLEASE don't put off this important job any longer. You're going to want all of your equipment in good shape when field work starts. It's our job to put it in condition. We'll handle your repair jobs the way you want them handled if you'll let us know in advance.

Stop in now, or phone us, and get your work on our schedule. Then you're sure to have the machines when you need them.

You know our reputation for repairing farm equipment. That's our business. We have expert mechanics and a well-equipped shop. And our bins are loaded with genuine IHC parts—the same parts that are built into the machines at the factory—and you can't beat them.

Take one day and go over every machine on your place. Tag each one with the things that need to be done. You can count on the same service in our shop that you get from McCormick-Deering equipment in the field. Say when and we'll get busy.

Rendered Your Property for 1947 Taxes

**MUST BE RENDERED TO GET YOUR
HOMESTEAD EXEMPTION**

If you have not made your rendition, be sure to get in touch with your Tax Assessor-Collector and make certain that they are on the rendered roll.

Many people who are buying property from or through loan companies are under the impression that the Loan Company renders their taxes for them. This is incorrect. Unless you have made the rendition yourself your taxes are unrendered.

The law states that your property must be rendered NOW or such property will be placed on the UNRENDERED ROLL and you will not be entitled to the HOMESTEAD privilege and you will have to pay the STATE TAX.

This tax assessor office will try to see you, but if you are missed please call at the office, and the Tax Assessor-Collector will see that you are placed on the rendered roll.

Your cooperation will be appreciated very much.

M. E. Cantrell

Tax Assessor-Collector Randall County

Chapter Conducting Team Places First in District Meet at Farwell

Burtz, Bible, King, Davis Are Second in Demonstration

First and second place banners in chapter conducting and farm demonstration at the District FFA Contest at Farwell, Texas, were brought home by the two teams, who represented Canyon there.

This is the first District contest held since 1941.

Five teams, Dimmitt, Bovina, Farwell, and Friona, competed in farm demonstration and only four tried for chapter conducting. Friona being the one which did not compete.

The chapter conducting team, which won first place was composed of twenty boys: Don Hickman acted as president; Jerre Inman, vice-president; Bob Jones, secretary; Wayne Prichard, treasurer; Glenn Prater, reporter; Bryce Slack, historian; Golden Curry, sentinel; Frank Heare, parliamentarian; and Cordell Mahler, advisor. Others who helped with the meeting were Donnell Ruthart, Harold Martin, Billy Joe, McCarter, Bill Lindsey, Robert O'Donnell, Jerry Harding, Joe Abbott, Carrol Dickerson, Don Mickey, Travis Payne and Norris Root.

Four on All-District

Four of the boys on this team were chosen as All-District, they were: secretary, Bob Jones; treasurer, Wayne Prichard; reporter, Glenn Prater; and sentinel, Golden Curry.

The farm demonstration team, composed of James Bible, Bobby King, Donald Davis, and Clifford Burtz, who substituted for Eugene Morris because of death in Eugene's family, brought home the bacon in the form of the second place banner.

The boys, who presented the farm demonstration, collected all their material and planned their demonstration. The chapter conducting team was composed entirely of green hands with Cordell Mahler acting as advisor. They competed with some teams that had third and fourth year agriculture students in them.

"It was a good contest, well attended and I think the boys did a good job as well as receive some training in appearing before the public," think the boys did a swell job," states Mr. T. L. Devin, instructor of Agriculture.

Have Meeting

In the FFA meeting, Friday, the banners, won at the District contest at Farwell, were presented to the local FFA chapter.

The names of Bobby King, Donald Davis, and Eugene Morris were submitted to the chapter having met qualifications for chapter farmers. The chapter voted to award them the chapter farmer degree and the silver pen. This raises them to the second degree of the FFA. In order to attain this degree, they are required to have one year of Vocational Agriculture, an improved supervised practice program with a net profit of 25 dollars, which is either in the bank or invested in farm equipment, and have led a group discussion for fifteen minutes.

HAVE A HEART!

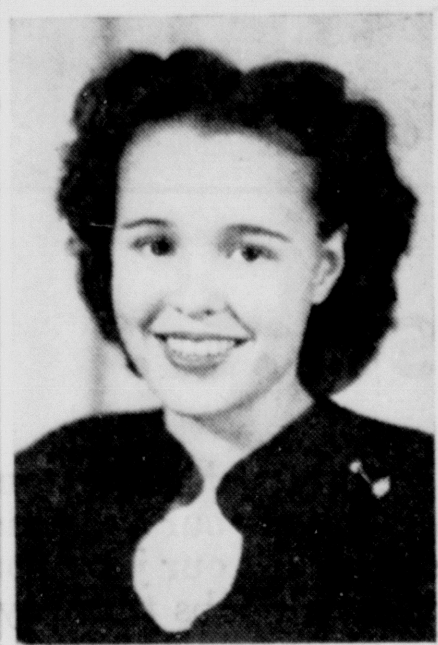

Are you in love? Is there a one-and-only (only one) in your love life? Oh, well, even if there isn't, writing notes may still be your pet hobby during class. That choice left over but of news from lunch hour just has to be told to your best girl (or boy) friend. The only way to get it across the room to her is by a slip of paper. This is either sent by air (?) or passed awkwardly across the aisles, drawing each student's attention, as it passes them, away from the problem the teacher is so patiently trying to explain. After being censured by your more inquisitive fellow students, it is rather old news by the time it reaches its destination. Here it is read, answered, and the procedure is started over again to annoy all the other occupants of the room.

There is no law in the constitution of the United States or the state of Texas forbidding this type of communication. In Emily Post's, "Blue Book of Social Usage," there is no article denouncing note passing in the class room. This is no sign, however, that it is perfectly all right to infringe on other's time and patience. Let us, therefore, have a heart and regard other people's rights before our own small pleasures.

Valentine Mixture Is Cupid's Own Doings

My, my but some of Canyon High School kiddies surely did mix up a dandy all around Valentine the other day and we want to pass it on to you. Cupid wouldn't have a hard time starting a love case with this mixture. Here it is.

Big Heart: Betty Ann Miller
Shy: Joe Abbott
Blushing Cheeks: Chloe Ann Black
Bow Knot: Don Hickman
Love Arrows: Billy Abbott
Quick heart beat: Lavern Henders
Papa's Little Darling: Jerry Ann Foster

Hard to resist: Rusty Davis
Pluffy Ruffles: Verna Davenport
Lacy Frills: Weedon Young
In Love: Nancy Ann Nicklaus
Mama's honey chile: Weldon Hacker
Starry eyed: Mary Ann Parker
Eager: Richard Walters
Dollie Dimples: June Jennings
Sweetheart Soothing Syrup: Austell Burrus.

Assemblies Offer Many Features

James Guthrie, president of Canyon High School Student Faculty Congress, opened the assembly last Friday.

After the taking of the oath by all the congress members, the following program was given with Geraldine Small as mistress of ceremonies: Saxophone trio, Mr. M. D. Shepherd, Bill Davis and Donna Erwin, "I'm Getting Sentimental Over You" and "Margie"; vocal solo Frankie Sneed, "Indian Love Call"; piano solos, Donna Erwin, "Bumble Boogie," "Boogie Woogie Upstairs," and a boogie arrangement of her own; vocal trio, Frances Gooch, Mary Ann Parker, and Sue Ann Calwell, "Sentimental Reasons"; and vocal trio, Sue and Fay Dickerson and Sue Ann Calwell, "The Things We Did Last Summer."

In assembly Monday morning, FFA winners of Chapter Conducting in a recent contest at Farwell were recognized, as was: Betty Ann Miller, whose number was selected in the district DAR contest and who is now eligible for the state drawing.

The show, "The Nation's Capital," was featured in the visual educational program for the CHS student body.

Legend Perpetuates Ancient Customs

Have you ever wanted to tell a person that you liked him or her very much? One day a year is set aside to give one just that opportunity. Friday, as almost every one knows, is Valentine's Day.

Saint Valentine started the custom of remembering friends on this day and he was later put to death by Claudius, the Roman Emperor, on February 14, 270 A. D.

The custom of choosing Valentines at this time is of considerable age. It was an old belief that birds began to mate on this day. On the eve of Saint Valentine's day, young people of both sexes used to meet, and each of them drew one name by lot from a number of names of the opposite sex, which were put into a common receptacle. Each man then got a lady for his valentine and thus he became her valentine.

This is the day that lovers pitch much "woo."

A love offering often wins a fair lady. So our style has not changed much through the years.

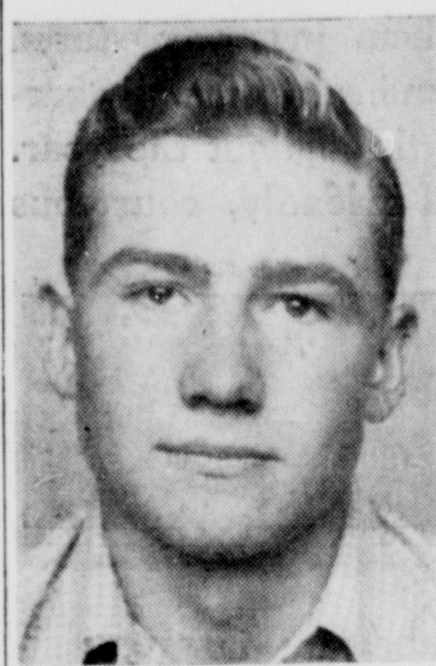

It doesn't come in January; And it doesn't come in May, It comes in February, Yes, it's Valentine Day.

Maybe Congress will give the portal-to-portal nonsense the gate.

Juniors Cop Tournament

KING

CHARLES WRIGHT
Senior

SYMPATHY

To Coleen, Louise, Houstene, and Juanita Prichard, Eugene and Bernice Morris, the students and faculty of Canyon High School wish to express their deepest sympathy at the death of their grandmother, Mrs. Eliza Morris.

Honors Won by Abbott, Martin

Winn Bags Points To Put Team in Win Over Friona

Canyon now has another trophy to add to its ever-growing collection. The Junior High team went to the Dimmitt Tournament for junior-aged boys and brought back the first place trophy. Two weeks ago they won the Friona tournament, but in this one there was tougher competition and they still came out on top.

Amarillo's Horace Mann Buffs were to be the junior quintet's first game, but when they didn't show up, the game was automatically defaulted to the Eagle Juniors.

Bovina Loses

The Bovina "A" team lost a thriller to the CHS youngsters 19-14. Harold Martin supplied the scoring punch in making five points.

Hereford was the next victim of the inspired juniors. They were beaten soundly to the tune of 38-6. Martin again came through to pace his team with eleven tallies.

Bovina's "B" team made a little better showing than did Hereford but couldn't hit enough to make any difference. The score was 32-14. Joe Abbott contributed almost one-third of the points in racking up ten tallies. Albert Craig and Martin tied for second with six points each. They moved to the finals with the winning of this game.

Win Finals

Saturday night the Canyon five barely edged the Friona team 12-11 in an over-time battle. At the end of the game the score stood 9-9. In the overtime period Bruce Winn, Canyon center, bagged two points on a tip-in, and in a minute got the final point on a charity throw while holding Friona to a single field goal.

Flashing Joe Abbott and sharp-shooting Harold Martin had the honor of being placed on the All-Tournament team.

Mr. Milton Sanders and Harold Prichard once more went along to serve as coach and manager, respectively.

Teachers Discuss New Legislation

Classroom Teachers held a regular meeting last Tuesday in the home of Mrs. K. L. Kirkland with Mrs. J. L. Gilmore and Mrs. Vearl Iverson as co-hostesses.

Mrs. John Davis presided, and pending legislation concerning the popular trend for increased salaries for teachers, was discussed.

Table games concluded the evening's meeting with refreshments and decorations emphasizing the Valentine theme.

The following teachers were present: Mr. M. D. Shepherd, Mr. T. L. Devin, Mrs. A. L. Walsh, Mrs. Dan K. Usery, Mrs. A. K. Goodman, Mrs. Cecil Simms, Mrs. John Davis, Mrs. Roscoe Davis, Mrs. L. M. Cousins, Miss Kathryn Davies, Mrs. Tom Brasher, Mrs. R. E. Ball, Mrs. Ed Weeks, the hostess and co-hostesses.

Sandies By-pass Eagles 34-32

CHS Second Team Takes Sandie "B" String 27-21

Amarillo just barely came out on top Monday, February 10, in beating the Eagles 34-32. It was almost a one-man scoring affair on both teams. Billy Abbott, Canyon forward, scored sixteen points, while Farmer of the Sandies made the same amount. Austell Burrus was second high with eight points, six of them free throws. The score at the half was 18-16, Amarillo's favor. Canyon's "B" team cheated the Sandie "B" team out of another win by edging them 27-21. James Guthrie really set his eye on the basket in making 20 points. He also made all of the field goals that were made, the rest of the points being free points.

Claude Defeated

Trampling Claude underfoot, the Eagles came out winners by a score of 36-30 Tuesday, February 4. Lagging by one point at the half, the Eagles pulled up to a one point lead in the third quarter and in the last period gained a six point advantage, which brought them out ahead. High point basketeer was Abbott, who made 14 points. Charles Wright followed with six scores to his credit.

No less on the ball were the Eagles, who defeated the opposing Claude team 23-17. The girls were never behind, leading their opponents at least one point all through the game.

Martha Avent was high with eleven tallies.

Vega Wins

In a hard fought game Friday night, the Canyon "A" team was defeated 34-42 by the Vega Longhorns. The teams seemed to be playing tag, with Vega climbing ahead and then the Eagles catching them and going ahead, then reversing the procedure.

The scoring was led by "Hot-rock" Abbott, who did over half of the scoring, by tallying nineteen points.

More luck was with the second string, who won their tilt over the Longhorns 37-36, Bailey leading with ten points, all of which were made in the third and fourth periods.

Also suffering a defeat were the Canyon Eaglettes, who lost their tangle 14-41. Martha Avent led with eight points.

THANKS!

I wish to express my thanks for the help of the students and the administration of Canyon High School in co-operating with me in the Randall County March of Dimes drive.

The proceeds of the January basketball game, from both the tickets and the FFA booth, were contributed to the drive. Thanks to the special effort of the nineteen girls who canvassed the town, to the FFA Chapter, and to Grade School, who made a separate donation.

Mrs. C. O. Elkins.

Grade Notes

Mrs. T. W. Collins' first grade pupils are learning the alphabet by putting their valentines into the boxes which are lettered according to their last names. All the pupils must know their a, b, c's before they can work in the post office. After the valentines are delivered, heart cookies will be served.

Mrs. Joe Black's first grade has suffered losses this week due to the illness of Romon Dee De Larro and Patsy Ann Evers.

Mrs. Roscoe Davis' second grade is planning a valentine party Friday afternoon. After they have had the valentine box, cherries and candy will be served.

Mrs. Stella Murrell's second grade will also enjoy a party Friday afternoon. When the mail carriers have delivered all the valentines, candy hearts will be enjoyed by all the class.

Mrs. A. K. Goodman's third grade has lost one pupil, when Tom Atkins moved to Happy.

They enjoyed a surprise birthday party February 5, for Charles Stubbs. His mother, Mrs. Hendrie Stubbs, served ice cream, cake, and candy.

Mrs. L. M. Cousins' fourth grade was glad to see Ralph Pope back in school, after being out due to illness.

Mrs. Tom Brasher was out of school, Friday, February 10, due to illness. Mrs. Roberts taught her classes.

Mrs. Mitchell Jones' fifth grade enjoyed a surprise birthday party given by Mrs. V. O. Martin for her son, Jerry, Wednesday. Refreshments of ice cream and cake were served to the whole class.

Mrs. Vearl Iverson's sixth grade has lost Maggie McClenan, who has moved to California.

Max McDonald, who was a sophomore in Canyon High last year, came back for a brief visit last week.

FHA Girls Give Formal Social

Various Games Furnish Diversion for Evening

FHA girls highlighted the week with a formal dessert supper in the Canyon High School gym, last Tuesday night.

The room was decorated with hearts and cupids of the traditional red and white. Game tables laid with white cloths, red valentines, and place cards, circled the room leaving space in the center for appropriate contests.

The serving table was covered with a lace cloth centered with red roses and complemented with red and white tapers.

Frances Gooch was mistress of ceremonies. Maxine Barnard was director of games assisted by other members of the FHA.

A short, surprise program was rendered consisting of readings, talks, and songs by the sextette.

Parents assisting in the recreation were as follows: Mr. and Mrs. Tom Gooch are official chapter parents; Mr. and Mrs. Frank Parker; Mr. and Mrs. Buddy Foster; Mrs. Ethel Dooley; Mrs. Ruth Hill; and Mr. and Mrs. Bud Hickman.

Refreshments of chicken salad sandwiches, cherry pudding, and fruit punch were served to approximately ninety members and guests.

"Rusty" Davis, who was ill during the Christmas holidays, has had a re-occurrence of the illness and at the present time is in the Canyon Hospital again.

Education In U. S. Is Big Business 30,000,000 Pupils

Education in the United States is a big business. Out of a total population of more than 130,000,000 people, some 30,000,000 are children of school age; 930,000 teachers are employed, many other thousands are janitors, bus drivers, clerks and general maintenance employees. What about Texas? Out of our 6,500,000 people, 1,500,000 are children of school age between 6 and 18. 46,000 teachers, 4,500 bus drivers, 6,000 janitors, and a large number of clerical employees, cafeteria workers, etc. are employed.

Public attention is focused today on the public schools in the United States to a degree never before witnessed in the history of our country. The exodus of teachers from the classrooms of our public schools has been going on at such a rapid pace as to cause general alarm throughout the nation. It should create alarm, for all superintendents throughout the nation will tell you that the situation is grave.

Since 1941, 350,000 teachers in the United States have left the classrooms. They do not intend to return under present standards. This mass exodus of teachers from the schools has created the most dangerous shortage of teachers in the history of our country. Some of the vacancies have been filled by new graduates, and many more by old teachers coaxed out of retirement. The gap, however, shows no signs of improvement.

In Texas, the situation is in many instances even worse. One out of six teachers in the state are rated as sub-standard in qualifications; 10,000 teachers are in their present job for the first time; 1500 emergency certificates will be granted this year in order to get "someone" in the classrooms. 2,400 classrooms have enrollments of 40 pupils or more. Since 1941, forty per cent of the teachers in Texas have quit; more than 7,000 members of the Teacher Retirement System of Texas during the school year 1945-46 signed under oath a statement that they were quitting the teaching "profession" and withdrew their deposits from

the retirement fund; 1,300 classrooms were vacant in September when school opened because they couldn't get a "teacher" to take the job. Out of the tens of thousands of students in Texas colleges and universities, fewer than 10 per cent are preparing to be teachers.

These conditions are not common to country schools only. Cities are hit just as hard. Their populations have grown rapidly and beyond the school facilities available. Many cities operate a part of their schools on a double shift basis; many classrooms are so overcrowded that several students will be found having to stand during the class period; teaching aids are scarce for the requirements in many instances.

Low pay is the chief reason for such conditions as now exist in the Texas public schools. In Texas, there are approximately 43,500 classroom teachers. Their average salary last year according to pay records in the State Department of Education was only \$1493 a year. The "take home" pay for a single teacher, after withholding taxes and five percent deposits of the Teacher Retirement System, was only \$111.35 a month or \$25.70 a week, or \$3.67 per day. This will not even pay rent; and buy decent clothes; much less take care of many other necessities of life. The beginning pay in practically any field of employment today is far greater.

What is Texas going to do about the situation? Are the people willing to pay teachers more? It takes money to do the job. Money means taxes. We just as well face the issue in the very beginning. If the salaries of Texas teachers should be increased an average of say \$750 each, the cost would be \$34,500,000. This is exactly what will be asked of the Legislature of Texas convening January 14.

The Texas State Teachers Association will request the Legislature to provide for a beginning minimum salary of \$2,000 for a teacher with a Bachelor's degree; \$2,200 for a teacher with a Master's degree, and \$2,400 if the teacher has 6 years of college work. For the first 12 years of experience, an annual increase of \$54 per year will be requested. Local school districts under the Association's plan can supplement salaries if they desire to do so.

To make this increase possible, a per capita apportionment of \$55.00 will be needed instead of the present apportionment of \$35. Additional appropriations for the rural aid schools will be needed making the total increases in state school expenditures \$35,000,000 annually.

A part of the increased state per capita apportionment for the school year 1947-48 will have to come from a direct appropriation from the General Revenue Fund of the state. This is permitted under the state constitution by an amendment adopted in 1918. Following the adoption of this amendment, Governor Hobby in a message to the legislature recommended an appropriation for the General Fund of the state to the Available School Fund. The appropriation was made by the legislature in 1919. In his message Hobby said: "It is gratifying beyond measure to witness the enthusiastic interests of the people's representatives in that cause which concerns more than any other the future of our State. The civic glory of Texas was assured when the pioneer law makers and the early patriots and the early settlers founded the best and the highest grade educational system the State's resources would permit. And now, when the resources and the natural wealth of our state are shown to exist in an abundance never dreamed of before, it is fitting to make the larger provisions for a comprehensive system of education beginning at the bottom and going all the way to the top."

Governor Hobby further said: "The adoption of the amendment to the Constitution on November 7, 1918 authorizing the legislature by appropriation from the general funds of the State to meet such deficiency as may exist for the support of the public schools of the state for a term of not less than six months, makes it possible to bring the common schools of Texas up to the standard of the highest in the Union."

Are these requests out of line with what is being done in other states? The record says no?

What this country needs is a five-cent cigar.

INTRODUCE INTIMATE THEATRE

Sharing the spotlight focused upon them by the speech department in anticipation of their presentation next Wednesday, Thursday and Friday evenings of "Soldier's Wife," the quintet of West Texas thespians pictured above were snapped in a pre-rehearsal pose. They are Bill Robinson and Jack Walker, standing, and Margaret Miller, Joy Cain and Shirley Byars, seated.

Palo Duro News

In honor of the birthday of Mrs. M. J. H. Hartenberger, Mrs. Arthur Johnson entertained with a party in Amarillo Wednesday. Those from this community who attended were Mrs. Pauline Wendelken, Mrs. Henry Miller, Mrs. G. H. Leseberg, and Mrs. Vance Albers.

Mrs. Louise Meyer left Saturday for Brownsville, where she will visit with her daughter and family, Rev. and Mrs. C. A. Gaertner and sons.

Vance Albers spent the week end in the Henry Miller home. Mrs. Albers and Carolyn Marie returned to Lubbock with him after spending two weeks in the parental Henry F. Miller home.

Mr. and Mrs. E. H. Albers and

Alan, and Mr. and Mrs. A. E. Kampen of Amarillo visited in the Henry Miller home Sunday.

Miss Ruth Lill visited with Rita Gunter Sunday.

Members of the Lutheran Ladies Aid met for the regular business meeting Thursday in the home of Mrs. B. A. Burrus. The ladies quilted throughout the afternoon.

Mr. and Mrs. Uil C. Gunter visited with Mr. and Mrs. C. V. Wilkinson Sunday afternoon.

Mrs. George Albers visited with Mrs. Henry Miller and Mrs. Vance Albers Friday afternoon.

Mr. and Mrs. H. F. Miller and Mrs. Alvina Leseberg attended the funeral of George Menke in Amarillo Saturday afternoon.

Decker Parades Scoring Attack

Torrid play in the recent Border Conference clashes played by the Buffaloes has resulted in the changing of positions among the leading five scorers on the Maroon and White machine.

As of February 11, the following players find themselves in the leading scorers group:

Hank Decker	119
Ledru Jacobs	116
Chat Johnson	90
J. W. Malone	86
Cloyce Box	72

Deacon Johnson, who concluded basketball play at mid-term and who will accept a position with a business firm in Plainview, had a total point score of 80.

Arizona Firmly Set In Loop First Place

The University of Arizona Wildcats has practically tacked the 1947 Border Conference basketball championship pennant to their flagpole after winning 11 straight conference wins to no defeats.

Last week the Wildcats took victories from the University of New Mexico and the New Mexico Aggies. The two New Mexico schools took a three game tour through the Grand Canyon state and lost all three of them to the Wildcats, Tempe and Flagstaff.

West Texas State jumped into undisputed possession of fourth place early in the week by trimming Texas Tech and Texas Mines only to drop back into a tie for that position when Hardin-Simmons upset them 52-50 Friday night.

Standings as of February 11 are:

	W	L
Arizona	11	0
Flagstaff	6	3
New Mexico	5	4
Tempe	5	4
West Texas	4	5
Texas Mines	4	5
Texas Tech	3	6
Hardin - Simmons	3	7
New Mexico A&M	1	8

DEDICATED TO SCOUTS

Boy Scout Week February 7-13

"... On my honor I will do my best—to do my duty to God and my country, and to obey the Scout Law ...
To help others at all times ... To keep myself physically strong, mentally awake, and morally straight..."

That is the Oath of the Boy Scouts of America. It is an Oath they take seriously, one which they endeavor to stick to ... and do. It's a good Oath. In a few simple words it embodies many of the finest principles taught in homes, in churches and in schools. These principles, as they are applied in the Scout's training, help to make the Boy Scout of today the outstanding citizen of tomorrow.

This year the week of February 7th to 13th will be known throughout the United States as BOY SCOUT WEEK. During the time Scouts and Scouting will be honored everywhere in the country. Pages similar to this will appear in newspapers in hundreds of communities as part of a nationwide effort to give the Boy Scouts of America the recognition and acclaim that is their due. It is the sincere wish of the firms who are sponsoring this announcement that, through it, the people of Canyon may become more fully conscious of the magnitude and importance of the Boy Scout Movement. It is an activity that deserves the whole-hearted support and encouragement of every American citizen.

"SCOUTS OF THE WORLD—BUILDING FOR TOMORROW."
The Boy Scout Movement is a great factor in the promotion of world peace. It influences friendship and goodwill constantly through World Scout Jamborees, visits and correspondence. The Scout Oath and Law are known the world over. Scouting promotes mutual understanding by emphasizing those points which nations have in common. The Scout Program is based upon activities like camping and life in the open which attracts all boys regardless of nationality. Organized in 51 nations, Scouting now has a world membership of 4,413,139 boys and leaders.

"SCOUTS OF THE WORLD - BUILDING FOR TOMORROW"

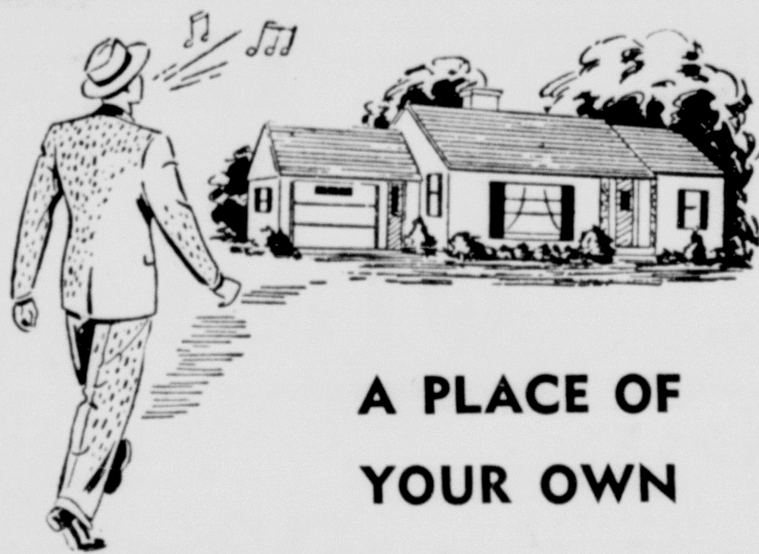

FEBRUARY 7-13, 1947

BOY SCOUT WEEK

Nearly 2,000,000 Cub Scouts, Boy Scouts and Senior Scouts will observe the 37th anniversary of the Boy Scouts of America during Boy Scout Week, Feb. 7th to 13th. Through their World Friendship Fund of voluntary gifts the Boy Scouts of America have given \$110,464.36 to help Boy Scouts overseas rebuild their organizations. During the first year of their "Shirts-Off-Our-Backs" project more than 400 cases—or twenty tons—of Scout uniforms and equipment collected from Scouts were contributed to Scouts in 13 nations. Scouting has always been an active force in promoting better understanding and mutual goodwill among the nations. Above is the official poster marking the event.

Yards at Canyon, Happy and Dalhart

We operate as an associate Dealer for

DESOTO AND PLYMOUTH

Under the Keith Motor Co. of Amarillo, Texas. During the year 1946 we received from them:

One DeSoto
Four Plymouths

It has been impossible to satisfy but a small portion of our customer needs during the past year. We are doing our best to get our quota increased for 1947, and wish to thank our friends for their extreme patience.

We now have in stock:

Chrysler Irrigation Motors
DeSoto, Plymouth, Dodge and Chrysler Motors
Floor Furnaces
Cirkair Heaters
Electric Range
Deep Freeze Units
Radios

Genuine Chrysler parts for DeSoto, Dodge, Plymouth and Chrysler Automobiles.

'Horse Doctors' Win Big Battle

Save Cattle From Germ War In Secret Laboratory; Beat Axis Pest.

WASHINGTON.—One of the great scientific victories of the war was won by veterinary researchers in a secret island laboratory in the Canadian wilderness.

There they learned how to protect the rich cattle herds of North America against a suspected threat of germ warfare. A new and powerful vaccine was produced against "rinderpest," a fatal scourge of cattle in parts of the orient and Africa.

The cattle plague never had touched the western hemisphere. But U. S. and Canadian authorities strongly suspected the Japs or Germans might attempt to introduce the deadly virus to this continent.

If they had, the cattle of North America would have been vulnerable; they had developed no immunity from previous contact.

So the men in the secret laboratory—located on Grosse Isle in the lower St. Lawrence river—worked under a terrible urgency.

Ready for Axis Pest.

Six officers of the U. S. army veterinary corps, one from the navy's medical corps and two Canadian scientists were assigned to produce a vaccine. The U. S. chemical warfare service co-operated.

Well before the war ended they had produced sufficient vaccine to meet any emergency.

They also had perfected production methods to turn out enough vaccine to vaccinate every head of cattle on the continent if there had been need.

The story of the rinderpest vaccine is a highlight of wartime advances achieved by military and civilian "vets" and by scientists of the U. S. department of agriculture against certain maladies that in some instances are transmissible to man himself.

Advances were made against two forms of "sleeping sickness" in horse and man.

Progress was made against Bang's disease and anthrax, serious animal diseases that can affect man.

Vaccines Prepared.

Through veterinary research, new avenues of investigation may have been opened against human influenza and arthritis.

Earlier rinderpest vaccines were prepared from virus-infected tissues of cattle. Yields of vaccine were low, and the American-Canadian commission felt also that there was always the hazard of including dangerous bacteria.

They developed the new vaccine by growing the virus in developing hen's eggs.

Virus material procured from Africa first was injected into calves. Then virus from the calves was injected into the eggs through tiny "windows" made in the shells with dental drills. The "windows" were covered with tape.

About 100 inoculated eggs provide vaccine equivalent to the yield from one sick calf. One egg provides enough for seven vaccinations.

Experimental cattle were kept in "isolation units." No bedding was provided and the animals were fed no hay because remnants of manure might harbor the virus.

G.I.s Marooned in Greenland Found Natives Icy, Too

PHILADELPHIA.—Life was a little monotonous for 11 American soldiers marooned at an army air forces weather station at Scoresby-sund, a tiny settlement in Greenland some 300 miles above the Arctic Circle, a Philadelphia soldier admitted when he returned home.

The Philadelphian, who spent nearly a year on Walrus Bay, is Staff Sgt. Walter R. West, 22. He has a brother, Staff Sgt. Wilbert West, 27, who served with the marines on Guadalcanal.

The Arctic village where the younger West spent his time has its points, but would not appeal to most people as a permanent home, he said on his arrival here. He and other men in the group were down to New York on a C-54 transport.

"The colony manager forbade the men to enter any of the houses in the town," he said. "That meant we could not visit a home unless we were invited. We were invited, though, and we had some of the villagers over to our house."

It was a late thaw that kept the army men in the little Greenland town until July of this year. They went in last August 5 to make weather observations, their boat left them on August 13, and the ice started to crowd the shore in October, earlier than it had moved in 25 years.

Geyser Sensation Now Dirty Boiling Mud Hole

CODY, WYO.—The new geyser that spouted into existence in the Norris museum area of Yellowstone national park a short time ago has dwindled away to a mere hole and a parking area may be laid out on the spot.

Eruptions of the park's "sensation of 1946" now seem to have stopped for good, experts say, and about all that is left is a pot of "ugly-looking boiling mud."

A city's appropriation for snow removal, come to think of it, is a slush fund, too.

Finds Farmers Are Better Off

Survey Shows Financial Well-Being Improving; Cash Assets Up.

WASHINGTON.—Record savings and substantial debt reductions over the last few years have resulted in a marked improvement in the financial well-being of the nation's farmers.

This is the result of a study released by the Institute of Life Insurance on data collected by the bureau of agricultural economics, department of agriculture.

"As a result," the institute stated, "the agricultural population has built up a base of individual and family security such as it has rarely, if ever, enjoyed before and one strong enough to help tide it over whatever vicissitudes farming may face in the future."

Notable Improvement.

The most notable improvement, the study stated, has occurred in the savings and debt situation, as distinct from the overall balance sheet of agriculture including the farm plant.

At the beginning of 1946, it was stated, farmers as a whole had nearly \$2.50 in cash or its equivalent, exclusive of the value of the farm plant, for every dollar they owned.

Cash assets at that time exceed 20 billion dollars, of which 19 billion dollars were in bank accounts, U. S. savings bonds and currency, while mortgage and non-mortgage debt totaled about 8½ billion dollars.

This contrasted with the beginning of the war, the study said, when farmers as a whole owed more than \$2 for every dollar they had in cash or its equivalent.

Cash Assets Better.

Cash assets t that time were less than 5 billion dollars of which about 4.2 billion dollars were in bank accounts, savings bonds and currency, while mortgage and non-mortgage debt exceeded 10 billion dollars.

The study also pointed out that the value of farmers' physical assets such as real estate, livestock, machinery, crop inventories, etc., has increased two-thirds in value, rising from an estimated worth of 48.8 billion dollars at the end of 1939 to 81.5 billion dollars at the beginning of this year.

"This rise in the worth of the farm plant," the study continued, "is thus another important addition to the farmers' financial well-being. It is well to note, however, that the rise in these values is largely the result of higher prices, and thus has a speculative element that is quite different from the stability of greater savings and smaller debts."

"Another significant element that is contributing to the overall progress in the individual and family security of the agricultural population is the substantial growth in the ownership of life insurance by farmers."

23,000 OPA Jobs Safe Until

Jan. 1, Porter Announces

WASHINGTON.—Price Administrator Porter promised all except 10,000 of OPA's 33,000 employees that their pay checks will continue until January 1.

Even after that date, he said, "many" workers will be needed to administer rent control and rice and sugar programs "for an indefinite period."

Close to 10,000 OPA field employees received 30-day notices.

An estimated 20,000 were fired under President Truman's order decontrolling all items except rents, sugar and rice.

Porter's statement on dismissals was expected to forewarn a mass movement on OPA's "employment security office," which currently lists 800 job openings in government and private industry.

Indicating that the office already is swamped, Porter urged workers to postpone their calls for new jobs.

Carnegie Foundation Calls

Teachers the Forgotten Men

NEW YORK.—Carnegie Foundation for the Advancement of Teaching, making its annual report, said that the teacher in America was a "forgotten man."

It proposed a threefold program for bettering teaching conditions: Stimulation of faculties by incentives of various kinds.

More effective means of measuring the results of teaching.

More adequate compensation for the teacher, "which is necessary if able men and women are to be attracted to the profession."

The foundation termed the teacher's plight "alarming" and said that "this grave crisis in the teaching profession calls for early action if permanent injury to American education is to be averted."

Father Held on Charge of

Branding Son With Hot Iron

ALBUQUERQUE.—A father accused of branding his 15-year-old son with a hot hammer and forcing him to remain kneeling in his bedroom all night was held for trial without bond.

The father is charged with mayhem.

The punishment was inflicted after the boy, Casey Perez, sold a dozen eggs he bought at a grocery and put the money in a pinball machine.

"Two-pants suits are legal." And as long as we're dealing with the dreamy abstract, so are new houses.

HEY KIDS!

Are you hep to party lines?

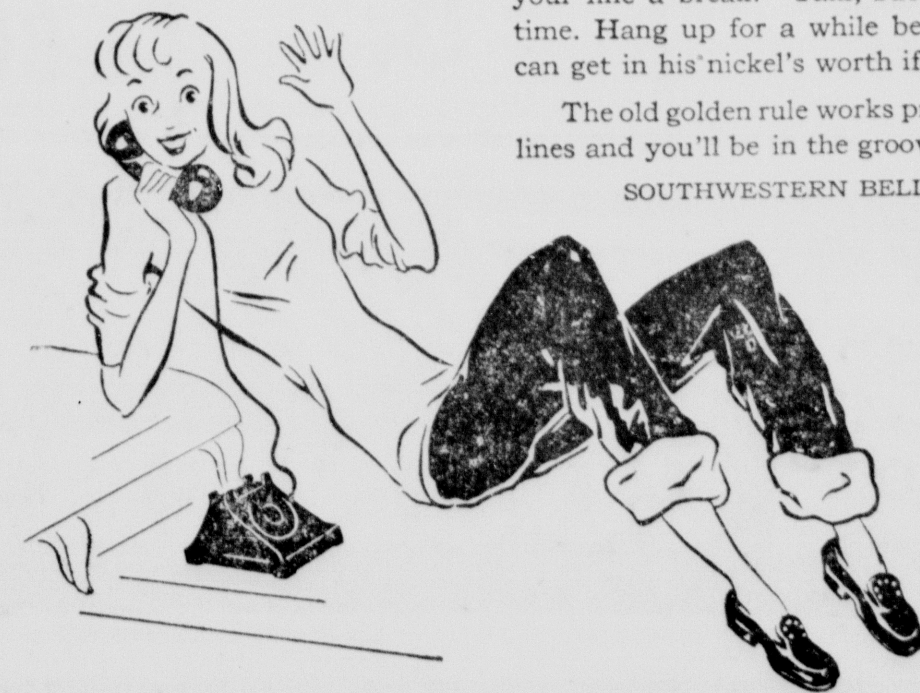

Young Americans (teen agers, that is) go for the telephone in a big way. School work, dates, gang activities keep the lines humming. Telephoning helps keep the guys and gals hep to the score.

And that's O.K. with us. Don't shy away from the phone. It's there to use. But we'd like to go into a huddle with you undergraduates on one point—Party Lines!

The general rule is "Give the other guy on your line a break." Talk, but not too long at a time. Hang up for a while between calls so he can get in his nickel's worth if he wants to.

The old golden rule works pretty well on party lines and you'll be in the groove if you follow it.
